DECLARATION.

No. 719 J.D.—The 20th May 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the portion of the Jeenagora

Manbhum.

Branch of the East Indian Railway which leaves the Jheria-Pathardih line at mile 176 feet 4,481, and whereas coal mines are situate under the said land, and whereas Messrs. Khengarji Trikoo & Co. have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 10 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. Khengarji Trikoo & Co. have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Messrs. Khengarji Trikoo & Co., in the manner and subject to the restrictions below specified, viz.:—

- (a) No gallery shall be driven and no coal shall be extracted in any place where the distance from the natural surface to the top of the gallery, if driven, is less than 50 feet.
- (b) Where the distance from the natural surface to the top of the gallery, if driven, is 50 feet or more, galleries not exceeding 12 feet in width, by 12 feet in height, may be driven with centres, not less than 50 feet apart, forming pillars not less than 38 feet square, to be left unworked for the support of the acquired land.
- (c) In all cases the mixed coal and shale lying above the true coal of the seam shall be left as a roof.
- (d) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act
- (e) The above restrictions apply to No. 10 seam only, and to the area edged with pink on the plan, and Messrs. Khengarji Trikoo & Co. shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked LAMA No. 120 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

T. BUTLER,

Secretary to the Government of Bengal.

**RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR
THE IMPORTATION, POSSESSION AND TRANSPORT OF PETROLEUM IN
THE PROVINCE OF BENGAL.**

PART I.

PRELIMINARY.

Definitions.

1. In these rules,—

- (a) "Part" means a Part of these rules;
- (b) "certificated petroleum" means petroleum certified to be non-dangerous petroleum by a certificate of such description as the Government of Bengal may, from time to time, by written order, prescribe, granted at the port of shipment;
- (c) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;
- (d) "installation" means a place specially prepared for the storage of petroleum in bulk, or for bulk combined with non-bulk storage, and may be either a major or a minor installation;
- (e) "major installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or
 - (2) in which tin-making operations are carried on;
- (f) "minor installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and
 - (2) in which no tin-making operations are carried on;
- (g) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;
- (h) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Government of Bengal may by notification declare as such;
- (i) "testing officer" means the testing officer appointed by the Government of Bengal under section 10 of the Act for any port at which petroleum may be imported under these rules;
- (j) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel;
- (k) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor vehicle;
- (l) "the town of Calcutta" means all places within the local limits of the Original Civil Jurisdiction of the High Court of Judicature at Fort William in Bengal;
- (m) "the Municipality of Calcutta" means the municipal limits of Calcutta as defined in the Calcutta Municipal Act, 1899;
- (n) "suburbs of Calcutta" means the local area for the time being excluded from the general police district of Bengal by notification under section 1 of the Calcutta Suburban Police Act, 1866.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

- 1. No smoking shall be permitted inside any installation or storage shed.**

Smoking prohibited.

2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.

5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 0.26 gallons per cubic foot.

6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.

7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

8. Any officer appointed by the Government of Bengal in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise; provided that in cases where electric lighting is exclusively used, night working may be permitted by the Government of Bengal on the recommendation of the Chief Inspector of Explosives.

10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.

11. All storage sheds in an installation shall be built of unflammable material.

12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.

CHAPTER II.

TRANSPORT OF PETROLEUM.

1. Petroleum in bulk shall not be carried by water except on a ship certified as suitable for the carriage of petroleum in bulk by an officer appointed by the Government of Bengal in this behalf, and the petroleum shall be stowed in such part of the ship and in such manner as may be approved, by general or special order, by the authority so appointed.

2. Petroleum in bulk shall not, except with the sanction of the Government of Bengal, be transported on any barge or flat which is not towed by a steamer or motor-tug.

3. No ship shall carry petroleum in bulk which carries at the same time passengers, or any inflammable cargo other than petroleum and its products.

4. No steamer carrying inflammable cargo other than petroleum and its products shall tow a barge or flat carrying petroleum in bulk.

5. No steamer towing a barge or flat carrying petroleum in bulk shall at the same time tow any other barge or flat carrying inflammable cargo other than petroleum and its products.

6. Rules 4 and 5 of this Chapter shall not apply when the petroleum carried in bulk has a flashing point above 150° Fahrenheit.

7. When any ship has discharged petroleum in bulk, the oil compartments shall be thoroughly cleaned and freed from petroleum and petroleum vapour, before any other cargo or passengers are taken on board.
Cleaning of compartments.
8. The hatches of oil tanks in all ships certified under rule 1 of this Chapter as suitable for the carriage of petroleum in bulk, and the man-holes in the hatches, shall be kept closed (except in so far as it may be necessary to open them to take on board or discharge petroleum or to clean tanks), so long as there is petroleum in the tanks, and until the tanks have been thoroughly cleaned and freed from petroleum and petroleum vapour.
Hatches to be kept closed.
9. No petroleum in bulk shall be taken on board or discharged from any ship certified as suitable for the carriage of petroleum in bulk, except through a suitable pipe prepared for the purpose.
Loading and discharge.
10. No fire, naked lights or smoking shall be allowed on board any flat or barge carrying petroleum in bulk.
Naked lights, fire or smoking prohibited.
11. The person in charge of any flat or barge carrying petroleum in bulk shall, from sunrise to sunset, show at its stern a conspicuous red flag having the words "Petroleum Boat" marked on it in black letters.
Flag to be carried.
12. No petroleum in bulk shall be loaded on or unloaded from any ship between sunset and sunrise, except when electric light is exclusively used.
Loading and unloading by night.
13. Petroleum may be transported into and within the Province of Bengal under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.
Validity of license granted in another province.
14. Petroleum which has been imported into the Port of Calcutta, and which has not been tested at the port of import in accordance with the rules contained in Part III, shall not be transported to any other port in British India save one specified in rule 1 of that Part, and the provisions of all the rules of that Part, except rule 22, shall be deemed to apply to such petroleum when it arrives at such other port.
Transport by sea of petroleum which has not been tested.
15. Petroleum which has been tested at any port in British India may be transported to any other port in British India, and the provisions of rules 2, 3, 4, 14 (except the proviso), 16, 19 and 20 of Part III shall apply to such petroleum when it arrives at such other port.
Transport by sea of petroleum which has been tested.

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

1. All applications for licenses except those referred to in rules 13 and 14 of Chapter IV of this Part, for the possession or transport of petroleum shall be made to the District Magistrate.
Applications for licenses.
- The functions of the District Magistrate under this rule and the rule next following and under rule 5 (2) of Chapter IV of this Part shall be exercised in the Town of Calcutta and its Suburbs by the Commissioner or Deputy Commissioner of Police.

Licensing authority.

2. Licenses—

- for the possession of non-dangerous petroleum, not being petroleum in bulk,
- for the possession of non-dangerous petroleum in a minor installation,
- for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and
- for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,

may be granted by a District Magistrate, or by such other authority as the Government of Bengal may, from time to time by order in writing, appoint in this behalf. In all other cases, except as provided in rule 14 of Chapter IV of this Part, the licensing authority shall be the Government of Bengal:

Provided that in the case of renewals of existing licenses the Government of Bengal may delegate its powers under this rule to the District Magistrate or to such other authority as the Government of Bengal may, from time to time by an order in writing, appoint in this behalf.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case:
Refusal of license.

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules:

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

(2) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

(3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Loss of license.

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Save as provided in rules 13 and 14 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Petroleum not in bulk, other than dangerous petroleum.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not exceeding forty gallons.

4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

5. (1) The holder of a license in Forms A, B or C, may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

(2) Such application shall be made to the District Magistrate who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Re. 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Government of Bengal may prescribe on the recommendation of the Chief Inspector of Explosives.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Government of Bengal, on the recommendation of the Chief Inspector of Explosives, may, from time to time, by general or special order, approve, may be granted in Form D.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

Storage in minor installations.

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

10. Every application for a license for the possession of petroleum, other than licenses under rules 4 and 9 of this Chapter, shall specify:—

- (a) the description and quantity of petroleum which the applicant desires to keep,
- (b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,
- (c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Particulars to be given in applications for licenses under rules 4 and 9.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify:—

- (a) whether the applicant is the owner of a motor-vehicle,
- (b) the amount of dangerous petroleum the applicant desires to store,
- (c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

13. Licenses for the possession of petroleum in an installation or storage shed may be granted by the Government of Bengal free of charge to the Commissioners of the Port of Calcutta, subject to such conditions, and for such period, as the Government of Bengal may direct.

14. Licenses for the possession of petroleum in an installation or storage shed erected on land belonging to the Commissioners of the Port of Calcutta may, with the previous sanction of the Government of Bengal, be granted free of charge by the said Commissioners, subject to such conditions and for such period as the Government of Bengal may direct.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

General licenses for the transport of non-dangerous petroleum.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

General licenses for the transport of dangerous petroleum.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.

Effect of general license.

4. The holder of a general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

Pass for transport of petroleum.

Special licenses for the transport of petroleum other than dangerous petroleum.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding five hundred gallons in Form J.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

Special licenses for the transport of dangerous petroleum.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.

Effect of special license.

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained, or, in the case of petroleum to be transported in bulk by water, shall state that the ship in which it is to be carried has been certified as required by rule 1 of Chapter II of this Part.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

CHAPTER VI.—FEES.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Government of Bengal to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.

(3) The Court-fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (b) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.

2. The following fees shall be charged for licenses for the possession of petroleum, namely:—

Non-dangerous petroleum.

	Rs.	
(a) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.	12	
(b) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.	12	for the first one thousand gallons, plus Rs. 2 for every additional one thousand gallons or part thereof.
(c) When the quantity to be stored exceeds five thousand gallons but does not exceed fifty thousand gallons.	20	for the first five thousand gallons, plus Rs. 4 for every additional one thousand gallons or part thereof.
(a) When the quantity to be stored exceeds fifty thousand gallons.	250	

Dangerous petroleum.

PART III.

OF IMPORTATION OF PETROLEUM.

- The port mentioned in the margin is hereby declared to be the only port at which petroleum may be imported.
- The master of every ship carrying petroleum shall deliver to the pilot before entering any of the ports mentioned in rule 1, a written declaration under his signature stating—
 - what quantity of petroleum the ship is carrying ;
 - whether any and, if so, what part of it is dangerous petroleum ;
 - whether any and, if so, what part of it is certificated petroleum ;
 - whether any and, if so, what part of it is petroleum having a flashing-point above 150° of Fahrenheit's thermometer ; and
 - what quantity of petroleum [specifying whether any, and if so, what part of it belongs to each of the classes (b), (c) and (d)] it is intended to land at that port or at any other port in British India:

Provided that, if, in anticipation of a ship's arrival, the agent for such ship delivers to the Port Officer a written declaration as aforesaid under his signature, no such declaration shall be necessary by the master of the ship.
- If the master or agent declares that any petroleum is certificated petroleum which it is intended to land at that port or at any other port in British India, he shall deliver to the pilot, along with his declaration, the certificate relating to such petroleum.
- Every certificate and declaration delivered to a pilot under rules 2 and 3 shall be made over by him without delay to the Assistant Harbour Master who shall transfer them without delay to the Superintendent of the Port Commissioners' Petroleum Wharf at Budge Budge.
- (1) When the master of, or the agent for, a ship has made the declaration required by rule 2, the Superintendent of the Petroleum Wharf shall direct an officer to go on board the vessel and obtain samples of all the petroleum on board which it is intended to land at that port. If the importer so desires he shall also take samples of all the petroleum on board which it is intended to land at any other port in British India.

Calcutta.

Declaration by master of ship carrying petroleum or by the ship's agent.

Delivery of certificate.

Certificate and declaration to be forwarded to Assistant Harbour Master.

Delivery of samples.

(8) The master shall deliver to the officer aforesaid, without charge, samples of every variety of petroleum comprised in the petroleum of which samples are to be taken under clause (1): Such samples shall, if such officer so require, be taken from the particular receptacles indicated by him and under his personal superintendence, and shall not exceed forty fluid ounces:

Provided that when the petroleum is in cases, samples may be taken as delivery proceeds.

6. The minimum number of samples to be selected of each brand or quality contained in the cargo shall be as follows:—

Selection of samples.

(a) of certificated petroleum in cases—

one sample for every fifteen thousand cases or fraction of fifteen thousand cases;

(b) of certificated petroleum in casks or drums declared to be of uniform quality—

one sample for every one hundred and twenty thousand gallons or part of one hundred and twenty thousand gallons;

(c) of certificated petroleum in bulk or in tanks—

one sample from each group of tanks or tank compartments certified to be of the same brand or quality;

(d) of petroleum other than certificated, in cases—

one sample for every ten thousand cases or fraction of ten thousand cases;

(e) of petroleum other than certificated, in casks or drums declared to be of uniform quality—

one sample for every eighty thousand gallons or part of eighty thousand gallons;

(f) of petroleum other than certificated in bulk or in tanks—

one sample from each tank or tank compartment.

7. When the samples required have been delivered to the officer aforesaid, such officer

Sealing of samples and forwarding the same to testing officer.

shall forthwith seal the bottles containing the samples, and shall label them with the name of the ship, the name of the consignee, and such other distinguishing marks as may be necessary. He shall then forward them to the testing officer.

8. The testing officer shall test the samples thus received in the manner laid down in the first Schedule to the Act.

Methods of test.

9. If more than one sample of any one brand or quality forming the cargo or a portion of the cargo of a ship is sent to the testing officer for report, that officer shall test each sample separately and strike an

average of the results. If the average flashing-point is not lower than 78° of Fahrenheit's thermometer, and no one test gives a flashing-point below 70° of that thermometer, he shall report the whole of the petroleum represented by the samples to the Port Commissioners as non-dangerous.

10. If the testing officer, after testing samples, considers further tests necessary to

satisfy him that none of the petroleum is dangerous, he shall report to the Port Commissioners accordingly.

Procedure on report.

11. On receipt of a report under rule 10—

(a) when the consignment is imported in cases, the Port Commissioner shall cause the petroleum in question to be landed, or to be discharged into boats, and the officer referred to in rule 5 shall select and deliver to the testing officer one sample from every thousand cases.

(b) when the consignment is imported in bulk, the Port Commissioners shall forward a second sample and, until receipt of the testing officer's further report, may prevent the landing of any portion of the contents of the tank in question, or may permit it to be landed as provided in rule 18;

(c) if the petroleum has been already landed and stored under rule 18, samples shall be selected as aforesaid.

12. The testing officer shall, as soon as practicable, and ordinarily within twenty-four hours after receipt of any samples, sign a report certifying

Report of testing officer.

that they are, or are not, dangerous petroleum, as the case may be, and shall forward such report to the office of the Port Commissioners, where it shall be deposited.

Fee for testing.

13. The fee for testing each sample shall be five rupees:

Provided that the total amount of the fees chargeable under this rule shall not, in the case of any one ship, exceed Rs. 50.

14. A ship may proceed to the usual anchorage in any port specified in rule 1

When a ship carrying petroleum may anchor at ordinary anchorage.

and there discharge any certificated petroleum not exceeding five thousand gallons in quantity:

Provided that the officer whose duty it is, under rule 5, to select samples of petroleum on board, may at any time take a sample of any such petroleum for the purpose of having it tested.

15. If the quantity of petroleum declared dangerous on board a ship does not exceed forty gallons and there is no other petroleum on board, or the aggregate quantity of petroleum on board, including petroleum declared dangerous, does not exceed forty gallons, the said petroleum may be forthwith landed.

Exception in respect of petroleum declared dangerous which is not in excess of forty gallons.

16. Save as provided in rules 14 and 24, every ship having petroleum on board shall be anchored at such anchorage as the Conservator of the port shall appoint in this behalf, and shall not, except for the purpose of discharge of bulk-oil petroleum as laid down in rule 19, leave such anchorage until so much of the petroleum as it is intended to land at that port has been discharged.

When a ship carrying petroleum must anchor at a special anchorage.

Such anchorage shall in no case be the same as that for vessels laden with explosives, and shall be sufficiently far removed from the anchorage for vessels laden with explosives to prevent the possibility of a fire originating at the former place affecting vessels anchored at the latter.

17. Save as provided in rule 18, no petroleum shall be landed from any ship referred to in rule 16 until the testing officer's report in respect thereof has been received in the office of the Port Commissioners.

Petroleum referred to in rule 16 not to be landed until it has been tested.

18. (1) The Port Commissioners may, in anticipation of the testing officer's report, allow the consignee of any petroleum to discharge the same into boats or to land it.

Landing of petroleum in anticipation of the testing officer's report.

(2) Such permission shall be subject to the condition that the boats into which the petroleum is discharged shall remain at such place as may be directed by the Port Commissioners, or that the petroleum shall be landed at a landing-place duly appointed for this purpose, and be stored in an installation licensed under rule 13 or 14 of Chapter IV, Part II.

19. When petroleum is imported in bulk, its removal from the ship shall be effected by means of a hose and a metal pipe, and it shall be pumped into storage-tanks. The discharge shall be continuous, day and night, until completed, weather and appliances permitting. When working at night electric light only shall be used; and, when the ship has finished discharging, the pipe to the storage-tanks shall immediately be emptied by means of a supplementary pump on shore. If for any cause the discharge of petroleum is at any time suspended, arrangements must be made by means of a valve for effectually preventing any of the oil left in the pipe from escaping.

Landing of petroleum in bulk.

20. When petroleum imported otherwise than in bulk is landed within the port—

- (1) it shall be landed either at jetties provided for the purpose, or in cargo-boats, and, except where electric light is exclusively used, only after sunrise and before sunset, and only at such place or places as the Conservator of the port shall direct;
- (2) dangerous and non-dangerous petroleum shall not be conveyed to the shore at the same time on the same cargo-boat;
- (3) no smoking, fire or light of any description (other than lights required by the port rules), shall be allowed in any cargo-boat during the time that the petroleum is on board the boat.

21. Petroleum may be transhipped from one ship to another for conveyance to any other port, whether within or beyond the limits of British India:

Transhipment of petroleum.

Provided that—

- (a) the petroleum shall not be transhipped between sunset and sunrise except when electric light is exclusively used,
- (b) dangerous and non-dangerous petroleum shall not be conveyed at the same time on any boat which is used for transhipping the petroleum, and
- (c) no smoking, fire or light of any description (other than lights required by the port rules), shall be allowed on any boat which is being used for transhipping the petroleum from the one ship to the other.

22. (1) Applications for import licenses under section 5 of the Act shall be submitted to the officer appointed by the Government of Bengal in this behalf, who will, after enquiry, forward the same with his opinion to the Government of Bengal.

Import-licenses how obtainable.

(2) If the application is granted, a license in Form M, signed by a Secretary to the Government, shall be forwarded to the applicant through the officer to whom his application was submitted. The license may be granted for a period of twelve months.

23. Nothing in the foregoing rules in this Part applies to petroleum, other than dangerous petroleum, comprised in a ship's stores and manifested as such, provided it is not of unreasonably large

Petroleum comprised in ship's stores.

amount. If any question arises as to whether any petroleum manifested as ship's stores is of an unreasonably large amount, the decision thereon of the Collector of Customs shall be final.

24. Nothing in the foregoing rules in this Part applies to petroleum which has a flashing point above 150° of Fahrenheit's thermometer. If the master of, or agent for, a ship certifies in writing that any petroleum on board is of this description, the Port Commissioners shall allow it to be discharged in the same manner as ordinary cargo; but the Superintendent of Petroleum Wharf, may at any time require a sample of any portion of it to be delivered to him, with a view to having it tested.

Conditions of the License.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The storage shed shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams, rafters, columns, windows and doors may be of wood.

3. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons the height or depth shall be three feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building:—

Distances to be kept clear round buildings or enclosure walls.					Number of gallons to be stored.
None	5,000 and under.
20 feet	over 5,000 and up to 50,000.

ENDORSEMENT ON FORM B.

Conditions of License.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight under cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed two gallons ...	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons ...	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons ...	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons ...	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons ...	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons ...	12 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed:—

Quantity to be stored.		Distances to be kept clear.	
Not exceeding	500 gallons	...	20 feet.
From	500 to 1,000 "	...	25 "
"	1,000 to 5,000 "	...	30 "
"	5,000 to 15,000 "	...	40 "
"	15,000 to 25,000 "	...	50 "
"	25,000 to 35,000 "	...	60 "
"	35,000 to 50,000 "	...	70 "
"	50,000 gallons and over	...	100 "

Provided that these distances may be reduced by the Government of Bengal on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken, or where there are special circumstances that in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 60 gallons, the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions:—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling-house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police authorized by the Government of Bengal in this behalf.

Conditions of License.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Government of Bengal on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine-room, boiler-house and smithy.

ENDORSEMENT ON FORM E.

Conditions of License.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be, measuring from the ground level—

- (a) for horizontal tanks, not less than one-third the height of the tank;
- (b) for perpendicular tanks, not less than one-half the height of the tank.

* These tanks shall not have a greater capacity than 30,000 gallons.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under ...	Not less than 15 feet.
Over 5,000 and up to 20,000 ...	Ditto 20 "
Over 20,000 and up to 50,000 ...	Ditto 30 "

Provided that these distances may be reduced by the Government of Bengal on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or lights, except those necessary in the soldering room and watchman's house, shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

- (a) each tank shall be separately enclosed in the manner prescribed in condition 1, or
- (b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within the installation, which is not surrounded by a masonry wall or embankment as provided in clause (b) of condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum can not flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be three feet. A combination of these methods is permissible.

ENDORSEMENT ON FORM F.

Conditions of the License.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons ...	27 B. W. G.
(2) When the capacity exceeds 2 gallons ...	22 B. W. G.

* Situation and description of storage shed above referred to.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum—Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorised by the Government of Bengal in this behalf.

The 24th May 1909.

No. 44 Marine.—In exercise of the power conferred by section 5 of the Indian Explosives Act, 1884, and in supersession of the rules sanctioned under the Notification of this Government, No. 100 Marine, dated the 14th August 1903, and its amending Notification No. 10 Marine, dated the 31st January 1905, the Lieutenant-Governor is pleased to make the following amended rules to regulate the transport and importation of explosives, other than those mentioned in section 14 of the Act, in the Port of Calcutta.

These rules are supplementary to the revised rules relating to the transport and importation of explosives, made by the Governor-General in Council, and published under the Notification of the Government of India, in the Department of Commerce and Industry, No. 4555—4, dated the 31st May 1907.

N.B.—"Explosive," as defined in section 4, Act IV of 1884, and as used in these rules—

(a) means gunpowder, nitro-glycerine, dynamite, gun-cotton, blasting powder, fulminate of mercury or of other metals, coloured fires, and every other substance, whether similar to those above mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect; and

(b) includes fog-signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions and every adaptation or preparation of an explosive as above defined. It also includes any dangerous substance which may have been ordered by the Governor-General in Council, under section 17 of the Indian Explosives Act, 1884, to be deemed an explosive.

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosives, as defined in section 4, Act IV of 1884, except 2 storm or danger signals and 6 smaller lights of the same description, 24 blue lights, 12 rockets, and 24 detonating signals with friction tubes, or in lieu thereof, 24 one-pound charges of gunpowder for use in a gun. Detonators and their friction tubes to be stored separately. All explosives which vessels are by this rule permitted to keep on board in port shall be stored in all cases in separate, detached and completely enclosed magazines for each description of signals. The magazines should be kept in a house on deck and stowed or ranged as far apart as possible, so that in the event of fire they can be removed or thrown overboard.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of the signals of distress named in rule 1 are prohibited from proceeding above Budge-Budge, and the Master of any vessel lying within the port, which shall have on board any explosives in contravention of

these rules, shall be liable to a fine which may extend to the sum mentioned in clause (a) or clause (b), as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

8. Explosives of classes 1, 6 and 7, as laid down in the rules issued under Government of India Notification No. 4555-4, dated 31st May 1907, that is to say, gunpowder, ammunition and fireworks in excess of the quantity prescribed in rules 1 and 2, shall be landed and deposited in the magazine at Moyapore.

4. For the convenience of vessels having ship's gunpowder on board, a properly constructed powder-boat will be always in attendance off the magazine for landing and shipping the powder. No charge will be made for the use of the boat for landing ship's powder, but the responsibility of the keeper in respect of the ship's powder shall not commence until it is landed on the bank, and shall cease as soon as it is shipped on board the boat. Every precaution will be taken to insure the safety of the powder while in the boat, but the landing and shipping shall be at the risk of the vessel.

5. Vessels bringing consignments of trade explosives shall be allowed the use of the magazine boat; but should passing vessels require the use of the boat to put out or take in ship's powder, such vessels shall be accommodated before the boat can be used to discharge explosives brought as cargo. The landing of such consignments, whether the station boats or private boats are employed, shall be at the risk and expense of the consignees of the explosives, and no liability shall be accepted for damage sustained while in course of landing or until the consignments are stored in the magazine.

6. Explosives specified in the first division, class 6 of the rules published under Government of India's Notification No. 4555-4, dated 31st May 1907, viz., safety cartridges, safety fuzes for blasting, railway fog-signals, and percussion caps brought as part of a general cargo and which have been placed on board the vessels while lying in dock at ports of shipment may be brought into port and landed at the docks or jetties in accordance with the regulations prescribed in that behalf in the Port Commissioners' bye-laws.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction, and contains an explosive in such quantity, that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small-arms of which the case can be extracted from the small-arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges. The term also includes rifle-calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles or with machine-guns which have special chambers.

The maximum diameter at which a small-arm or machine-gun cartridge can be accepted as "safety" is one inch.

7. In order to avoid unnecessary detention, Masters of vessels requiring the use of the powder-boat shall hoist a flag at the fore-topmast head on coming in sight of the magazine as a signal to the keeper to have the boat and coolies in attendance.

8. Masters of vessels shall mark the names of their respective vessels on the barrels and packages of ship's gunpowder previously to their being landed; if not marked, they shall not be received by the magazine boat.

9. Explosives shall not be landed within the port or at Moyapore or Diamond Harbour at any time when artificial lights are required to be used, and no explosives shall be landed, received into, or delivered from, the magazine when artificial lights are required to be used.

10. The magazine-keeper shall give to the Master of any vessel landing explosives at the magazine a receipt for the number of packages, and the magazine-keeper shall be accountable to such Master for the re-delivery of such packages.

11. Before entering the limits of the port, the Master of every vessel having explosives on board shall make and sign a declaration in writing that to his knowledge and belief there is not on board any explosive exceeding the quantity prescribed in these rules.

12. A clerk shall be always in attendance in the powder-boat, and shall receive from the Master the declaration specified in the foregoing rule.

13. If any vessel shall be prevented, by stress of weather, or by being in distress from landing or depositing such explosives in excess of the quantity allowed as aforesaid, such vessel may be permitted to come up to the lower limits of the port, but shall not proceed above Matlabrooj Ghât, and the Master of such vessel shall forthwith give notice to the Harbour Master of his having such explosives on board, and shall obey the Harbour Master's directions relating to the same.

14. Masters of vessels outward bound, who may require distress signals and ship's gunpowder for their outward voyage, shall not take such distress signals and gunpowder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding that named and sanctioned in rule 1.

15. Masters of vessels who have deposited ship's powder at the magazine shall inform the Harbour Master of the date on which the vessel will pass the magazine outward bound, and on receipt of this information orders shall be forwarded to the keeper to place the powder in the boat, and send it off in such time as to avoid any detention of the outward-bound vessel. Before taking the powder on board, the receipt granted by the magazine-keeper shall be given up.

16. Boats shall be permitted to take on board at the Moyapore Magazine and bring as far as Neemuok Mehal Ghat, under cover of passes to be granted by the Commissioner of Police and the Port Commissioners, 50 lbs. of trade gunpowder, the property of dealers and consignees.

17. Delivery of trade powder into boats at the Moyapore magazine for conveyance to Calcutta shall only be granted upon orders issued by the Port Commissioners.

18. No boat containing powder under the provisions of rules 16 and 17 shall be allowed to proceed above Neemuok Mehal Ghat. All such powder shall be landed at Neemuok Mehal Ghat, and no powder shall be landed at any other ghat, except with the special permission of the Port Commissioners.

19. No smoking, and no fire or light of any description, except the red lamp between sunset and sunrise, shall be permitted on board of any boat having explosives on board.

20. Masters of vessels having on board explosives belonging to the following classes, as laid down in the rules prescribed in the notification of the Government of India, Home Department, No. 4555-4, dated 31st May 1907, shall make their own arrangements for the discharge of the explosives :—

CLASS 2.—Nitrate mixture.
„ 3.—Nitro compound.

CLASS 4.—Chlorate mixture.
„ 5.—Fulminate.

21. Explosives of the classes specified in the foregoing rule shall not be landed at the Moyapore Magazine. They shall only be allowed to enter and pass through the port under the supervision of the Port Police and subject to such restrictions as may, from time to time, be ordered by the Commissioner of Police and the Port Commissioners, in addition to the restrictions laid down in the rules promulgated by the Government of India under Notification No. 4555-4, dated 31st May 1907. But they may be landed at Diamond Harbour and conveyed thence by rail to Durgapur : provided they are taken direct from the vessel to wagons ; or if there be no wagons ready to receive them, arrangements are made for their safe custody after leaving the vessel.

22. Boats containing explosives of the classes specified in the two foregoing rules may anchor at Diamond Harbour if it is intended to land the explosives at that place, but shall, in no case, anchor within port limits, or be made fast at any part of the river bank or alongside any vessel, stage, jetty, or pier within the limits of the port. Such boats, if allowed to enter port, shall proceed direct through the port to the place licensed by the Local Government for the landing and storage of the explosives.

DECLARATION.

No. 999 J.D.—The 3rd June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for portion of the Jeenagora Branch of the East Indian Railway which leaves the Jharia-Pathardih line at mile 176 feet 4.481, and whereas coal mines are situate under the said land, and whereas Messrs. Ghela Panchon & Co. have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 10 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Messrs. Ghela Panchon & Co. have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Messrs. Ghela Panchon & Co. in the manner and subject to the restrictions below specified, viz.:—

- (a) No gallery shall be driven and no coal shall be extracted in any place where the distance from the natural surface to the top of the gallery, if driven, is less than 50 feet.

- (b) Where the distance from the natural surface to the top of the gallery, if driven, is 50 feet or more, galleries not exceeding 12 feet in width, by 12 feet in height, may be driven with centres, not less than 50 feet apart, forming pillars not less than 38 feet square, to be left unworked for the support of the acquired land.
- (c) In all cases the mixed coal and shale lying above the true coal of the seam shall be left as a roof.
- (d) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act.
- (e) The above restrictions apply to No. 10 seam only, and to the area edged with pink on the plan, and Messrs. Ghela Panohon & Co. shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L.A.M.A. No. 117 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

DECLARATION.

No. 1885J.—The 7th June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Pathardih Link of the Bengal-Nagpur Railway as lies between mile 123.32 furlongs and mile 123.10 furlongs, and whereas coal mines are situate under the said land, and whereas the Empire Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as Nos. 13 and 14 and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surfaces of the said land and to the works constructed thereon, and whereas the said Empire Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Empire Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

- (a) No gallery shall be driven under the land acquired in any place where the distance from the natural surface to the top of the gallery, if driven, would be less than 50 feet thick.
- (b) When the distance from the natural surface to the top of the gallery, if driven, would be more than 50 feet, the galleries shall not be more than 13 feet wide and 12 feet high, and shall have centres not less than 60 feet apart, forming pillars not less than 47 feet square to be left for the support of the acquired land. Such dimensions of centres shall apply in whatever portion of the seam, a gallery may be driven. The centres, as delineated on the working plan of the colliery, shall show at least 60 feet in each direction.
- (c) Where it is desired to drive one gallery above another, not more than two such galleries shall be driven. They shall only be driven immediately vertically, one above and the other below, gallery over gallery and pillar over pillar, and there shall be at least 20 feet of coal vertically between the two galleries. In every case not less than 4 feet of coal shall be left to form the roof of the gallery.
- (d) Manholes not exceeding 6 feet high, 3 feet wide, and 4 feet deep, may be made when required by any rules under the Indian Mines Act.
- (e) The above restrictions shall apply to Nos. 13 and 14 seams only, being here taken as one seam, and to the area edged with pink on the plan L.A.M.A. No. 64A, and the Empire Coal Company, Limited, shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area, or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall

be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L.A.M.A. No. 64A signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

F. W. DUKK,

Offg. Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1609 A.D.—The 10th June 1909.—It has been brought to the notice of Government that owing to over-recruitment of the ranks of the Executive Branch of the Provincial Civil Service, and of the Subordinate Civil Service, the number of qualified probationers, waiting for substantive *pro tempore* and substantive appointments has been steadily increasing during the past three years. The cadre of the latter service was largely increased in 1905 and 1906 when a number of young officers were appointed to it, while many of the seniors were promoted to the Provincial Executive Service. Hence during the next few years there will be very few retirements, while among the members of this body who, though still young in the service, have already reached the higher grades, there are a number who have shown themselves to be officers of special merit and deserving of promotion. It is not the desire or intention of the Lieutenant-Governor that the Subordinate Civil Service should be made the ordinary recruiting ground for the Provincial Executive Service. But it has been found necessary to take account of the circumstances just referred to and to adopt measures to increase temporarily the existing opportunities for promotion from the one service to the other. Revised rules, which will remain in force until further orders, for admission to both these services have been drawn up and are published for general information:—

REVISED RULES FOR ADMISSION INTO THE EXECUTIVE BRANCH OF THE PROVINCIAL CIVIL SERVICE.

Definition.—The Executive Branch of the Provincial Civil Service includes Deputy Collectors and Deputy Magistrates.

Rule 1.—The Lieutenant-Governor will determine from time to time what proportion of appointments to the Executive Branch of the Provincial Civil Service shall be made (1) by promotion of selected officers who are already in the Government service, (2) by selection.

Rule 2.—It is estimated that 18 appointments in all on an average can be made annually in the cadre of Deputy Collectors and 19 probationers can be appointed in the place of the men appointed to the cadre. These probationers will be appointed in accordance with the following rules.

Rule 3.—Nine of these appointments will be made by the promotion of officers who are already in Government service. The Lieutenant-Governor is prepared to receive on the 1st of September every year nine nominations from the Board of Revenue, who will consult Commissioners of Divisions, the Commissioner of Excise, and the Director of Land Records before submitting them.

The age of an officer nominated under this rule should not exceed 40 years.

Rule 4.—The Lieutenant-Governor will retain four appointments in his own hands.

Rule 5.—Six nominations shall be made annually on the 1st of September by the following officers:—

Commissioners of Divisions	3
The Syndicate of the Calcutta University	3
				—
Total			...	6

Rule 6.—The three appointments to be made on the nomination of Commissioners will be filled in accordance with the conditions laid down in rules 7, 8 and 9. For the purposes of this rule, the duty of nominating will be exercised in the rotation prescribed in Schedule A.

Rule 7.—The indispensable qualifications for candidates for appointments under Rule 6 are (1) that the nominee is a natural-born subject of His Majesty or of a Native State; (2) that he is not under 20 or over 25 years of age; (3) that he is of good character; (4) that he is a graduate; and (5) that he is of sound health, good physique and active habits, and free from organic defect or bodily infirmity.

Rule 8.—Europeans who do not satisfy the definition of Native of India, contained in section 6, Statute 33 Victoria, Chapter 3, are not eligible for appointment to the Provincial Service without the previous sanction in each case of the Government of India. With such sanction they may be appointed if they are qualified under the conditions mentioned in Rule 7.

Rule 9(a).—Every District Officer* will submit to the Commissioner, who is to nominate in any year under rule 6 in accordance with Schedule A, on or before a date to be fixed by the latter, the names of two or three candidates (as the Commissioner may direct), belonging to families resident or domiciled in his district, for the Provincial Civil Service. In submitting these names he will give, in the Form I appended to these rules, a brief statement of the grounds of his recommendation in each case. The nominees under this rule must be non-official, but this does not exclude the nomination of Honorary Magistrates.

(b) Form I must be accompanied by a certificate of the Registrar of the University that the candidate has obtained a degree, a certificate of character and conduct from the Principal of the institution at which the candidate last studied for not less than one year, or from some responsible officer of Government, a medical certificate in accordance with the requirements of article 49 of the Civil Service Regulations, and evidence of the candidate's age.

* In the Presidency Division this term includes the Chairman of the Calcutta Corporation.

(c) The Commissioner and all the District Officers of the Division will meet on a date to be fixed by the Commissioner, and will consider the claims of all the candidates nominated. They will also call the candidates before them, and see and converse with them so as to form an opinion regarding their suitability for the public service. The Commissioner will then select two names and submit them in order of preference to the Lieutenant-Governor. With his report submitting these names, the Commissioner will submit Form I for all candidates, entering in each case, in the last column of that form, his own opinion as to the suitability of the candidate.

(d) Every candidate nominated by a Commissioner must be domiciled in his Division or, if the nominee himself be resident outside of the Division for the purpose of education, his family must be resident or permanently domiciled in the Division. In making nominations special attention should be paid to the importance in the Division of the community to which the nominee belongs, to social qualifications and family status and influence, to services rendered by the candidate's father and to distinctions obtained in the University.

Rule 10.—The Syndicate of the University will be invited annually to nominate six graduates of high character whom they regard as the most distinguished students of the year. The nominations will be made in accordance with the conditions laid down in rules 7 and 8. From amongst these the Lieutenant-Governor will, after enquiry, select three persons to be Probationary Deputy Magistrates, or from amongst graduates previously nominated under this rule by the Syndicate and who have not passed the age of 25 years.

Rule 11.—Every Probationary Deputy Collector must furnish, either before appointment or within a specified time after appointment, a certificate of his ability to ride signed by a District Officer or by the Joint-Magistrate in charge, or by the Commissioner or Deputy Commissioner of Police, Calcutta.

Rule 12.—The minimum term of probation will be one year. On termination of that period, appointments will be given to approved probationers as vacancies in the cadre occur. Probationers will receive a subsistence allowance of Rs. 100 per mensem. Probationers already drawing more than Rs. 100 per mensem in Government service will, however, receive an allowance equal to the salary of their former appointment, or to the pay of a Deputy Collector of the lowest grade, whichever is less.

Rule 13 (a).—An officer will not be confirmed in or promoted substantively *pro tempore* from the lowest grade or that to which he was on first appointment admitted, to the next grade in the cadre of his service, until he has passed the Departmental Examinations by the Lower Standard, and he will not be confirmed in the latter grade until he has passed completely by both Standards of the Departmental Examinations. All officers, who may be eligible for confirmation or promotion under this rule, will, unless considered unfit for promotion or confirmation for other reasons, be confirmed or promoted in order of seniority if vacancies are available. All officers who are confirmed or promoted will be placed above any of their seniors who may not be found qualified for confirmation or promotion, but an officer will not otherwise be entitled to supersede his seniors by reason merely of his having passed the Departmental Examinations before them.

Illustrations.—(1) Five officers, A, B, C, D and E, are appointed substantively *pro tempore* to the fifth grade of the cadre of the Subordinate Civil Service in January, February, March, April and May 1906, respectively. C passes the Lower Standard in May 1906, while the others do not. When promotions are made in September 1906, C, being otherwise fit, is confirmed and placed above A and B. In November 1906, D passes the Lower Standard, and in May 1907 A, B and E pass the same standard. Promotions are next made in September 1907. All the four officers, A, B, D and E, if otherwise fit, will then be confirmed in order of seniority, i.e., in this order, and D will not be entitled to pass over A and B on account of his having passed earlier.

(2) Five officers, A, B, C, D and E, are promoted substantively *pro tempore* to the seventh grade of the cadre of the Provincial Civil Service in January, February, March, April and May 1906, respectively. C passes the Higher Standard in May 1906, while the others do not. When promotions are made in September 1906, C, being otherwise fit, is confirmed in the seventh grade and placed above A and B. In November 1906, D passes the Higher Standard, and in May 1907, A, B and E pass the same standard. Promotions are next made in September 1907. All the four officers, A, B, D and E, if otherwise fit, will then be confirmed in order of seniority, i.e., in this order, and D will not be entitled to pass over A and B on account of his having passed earlier.

(4) Officers of the Subordinate Civil Service who have been promoted to the Executive Branch of the Provincial Civil Service after having passed the Departmental Examinations will ordinarily not be held eligible for confirmation till officers appointed direct to the latter service at the same time or before them have had a reasonable opportunity of passing the Lower Standard. They will ordinarily have to wait one year, but the case of each officer will be considered on its merits to prevent hardship in individual cases.

Illustration.—*A* and *B* are appointed Probationary Deputy Collectors in October 1906 in this order. *B* is an officer who has been promoted from the Subordinate Civil Service and has passed his Departmental Examinations; *A* was appointed direct. In May 1907 they are both appointed substantive *pro tempore* Deputy Collectors of the eighth grade. In the Departmental Examination of May 1907, *A* fails. Promotions and confirmations are made in September. *A* not having passed cannot be confirmed in the eighth grade, nor will *B*, as *A* has not had a reasonable opportunity of passing his examinations. In November 1907 *A* fails again. Promotions and confirmations are next made in January 1908. *A* will not be confirmed but *B* will, if fit and there are vacancies, be confirmed and supersede *A*.

(c) Any officer who does not pass by the first standard of examination, at or before the first examination held two years after his first appointment as probationer will be liable to be removed, unless it shall be shown that any special circumstances entitle him to consideration; and if he does not pass within a year subsequently unless prevented by sickness or other circumstances really beyond his control, he will without fail be removed from the service.

(d) Officers will be expected to pass by the second standard of examination within two years of the time of their passing by the first standard, and if they fail to do so, the propriety of retaining them in the public service will be considered.

Rule 14.—Promotion to grades below that on Rs 500 a month will ordinarily be given according to seniority, subject to fitness and approved conduct. But the Lieutenant-Governor reserves to himself the right to make promotion to the senior grades of the Provincial Service by special selection for merit without regard to seniority, and hereby declares that seniority alone shall not give a claim to appointment to the grade on Rs. 500 or higher grades.

Rule 15.—No member of the Provincial Service shall be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

REVISED RULES FOR ADMISSION TO THE SUBORDINATE CIVIL SERVICE.

Definition.—The Subordinate Civil Service includes Sub-Deputy Collectors and any other appointments which the Lieutenant-Governor may from time to time specifically declare to be included therein.

Rule 1.—Eleven appointments of Probationary Sub-Deputy Collectors will be made annually. Seven of these appointments will be made from among nominations by Commissioners of Divisions made in the manner prescribed in Rules 7 and 9 of the Rules for admission into the Executive Branch of the Provincial Civil Service. The Lieutenant-Governor will retain four appointments in his own hands.

Rule 2.—Rules 11, 12 and 13 of the Rules for admission into the Executive Branch of the Provincial Civil Service apply *mutatis mutandis* to the Subordinate Civil Service also. The usual subsistence allowance of Probationary Sub-Deputy Collectors will, however, be Rs. 50 per mensem.

Rule 3.—Three appointments will be made on the nomination of the Board of Revenue from among officers serving in departments under them. A nominee under this rule must not ordinarily exceed 40 years of age.

FORM I.

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 934T.G.—The 9th June 1909.—Under clause (2) of section 10 of the Indian Emigration Act, 1908 (XVII of 1908), the Lieutenant-Governor is pleased to declare his approval of the appointment of Mr R. P. Gibbes, Emigration Agent at Calcutta, for British Guiana and Natal, to act, in addition to his own duties, as Emigration Agent at Calcutta for Trinidad, Fiji, Jamaica and Mauritius, during the absence, on leave, of Mr. A. Marsden, with effect from the 26th April 1909.

No. 2482.—The 14th June 1909.—The following is republished for general information:—

J. G. CUMMING,

Offg. Secy. to the Govt. of Bengal.

No. 3944—65, dated Simla, the 3rd June 1909.

NOTIFICATION—By the Govt. of India, Dept. of Commerce and Industry.

THE following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 81 of the Indian Emigration Act, 1908 (XVII of 1908), is published, as required by the said section, for the information of persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor-General in Council on or after the 5th July 1909.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date fixed aforesaid will be considered by the Governor-General in Council.

Draft Notification.

In exercise of the powers conferred by section 81, sub-section (1), clause (a) of the Indian Emigration Act, 1908 (XVII of 1908), the Governor-General in Council is pleased to direct that after Rule 5 of the Rules published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94E., dated the 18th March 1886, the following shall be added, namely:—

5A. In case of any dispute as to whether any person should be deemed to be a Native of India within the meaning of the Act, the question shall be determined by the Protector of Emigrants or, where no such officer has been appointed at the port of embarkation, by any officer whom the Local Government may appoint in this behalf, or in the case of departure by land out of British India by the Magistrate of the district.

5B. Every such officer shall presume that any such person is a Native of India, unless proof to the contrary is adduced to his satisfaction. DECLARATION.

No. 1271J.D.—The 19th June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the support of the whole of the Jamuria colliery siding branching off the Toposi-Baraboni Relieving line at mile 3 feet 4,262 and that part of the Toposi-Baraboni Relieving line which lies between mile 3 feet 3,510 and mile 3 feet 4,262, and whereas coal mines are situate under the said land, and whereas the Equitable Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sibpur Seam beneath the siding and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Equitable Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Equitable Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

Under the acquired land, shown edged with pink on the plan.

- (a) Solid coal pillars may be formed with sides not less than 48 feet long in the direction of strike and 58 feet long in the direction of dip. They shall be left unworked;
- (b) The galleries shall not exceed 12 feet in width and 12 feet in height;
- (c) Manholes not exceeding 6 feet in height, 3 feet in width and 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901;
- (d) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay;
- (e) The Declaration applies only to the Sibpur Seam and to the area edged with pink on the plan;

If it is desired to work any other seam under this area, the working thereof must be the subject of a separate notice under section IV of the Land Acquisition (Mines) Act, 1885;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, excepting in accordance with paragraph (b) the actual heights and widths of which have been carefully recorded on the plan marked LAMA No. 123 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

NOTIFICATIONS.

No. 2069 For.—The 22nd June 1909.—In exercise of the powers conferred by clauses (a) and (c) of section 29 of the Indian Forest Act, 1878 (VII of 1878), the Lieutenant-Governor is pleased to declare that, in the unmarked blocks of the Protected Forests in the Porahat estate, in the district of Singhbhum, and with effect from the date of the publication of this notification in the Calcutta Gazette,—

(I) the following species of trees shall be reserved, namely :—

- (1) Sâl (*Shorea robusta*),
- (2) Asan (*Terminalia tomentosa*),
- (3) Kusum (*Schleichera trijuga*),
- (4) Mango (*Mangifera indica*), and
- (5) Mahua (*Bassia latifolia*), and

(II) the following acts shall, subject to any rule made in respect of the said blocks under section 31 of the said Act, be prohibited, namely :—

- (a) the quarrying of stone ;
- (b) the burning of lime or charcoal ;
- (c) the collection or subjection to any manufacturing process, or the removal, of any of the following kinds of forest produce, namely :—
 - (i) trees of any reserved species ;
 - (ii) trees which are over three feet in girth at a height of three feet from the ground ;
 - (iii) peat ;
 - (iv) surface-soil, and
 - (v) rock and minerals (including limestone, laterite, mineral oils, and all products of mines or quarries) ; and
- (d) the breaking up or clearing, for any purpose, of any land which is not suitable for permanent cultivation.

No. 2070 For.—The 22nd June 1909.—In exercise of the powers conferred by section 31 of the Indian Forest Act, 1878 (VII of 1878), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules to regulate the taking of forest produce, the pasturing of cattle, and the clearing of land for cultivation, in the undemarcated blocks of the Protected Forest, in the Porahat Estate, in the district of Singhbhum :—

Rules.

1. No person shall cut, convert or remove trees or timber, or collect or remove forest produce or pasture cattle, or clear land for cultivation, except as provided by these rules.

2. Any persons who have been recorded at the last settlement of the Porahat Estate as tenants having a right to take forest produce, whether in *khas*, *chorpash* or *brahmottar* villages, may do any of the following acts, free of charge, within such part of any undemarcated forest as lies within the boundaries of their respective villages, namely :—

- (1) take any of the forest produce for their own private use, but not for sale or barter ;
- (2) pasture any cattle which are *bond fide* their own property ;
- (3) clear for cultivation any land on which they *bond fide* intend to establish permanent cultivation :

Provided as follows :—

- (a) this rule shall not extend to professional graziers ;
- (b) if the inhabitants of any village habitually infringe, or permit the infringement of, any of these rules, the Deputy Commissioner may, by order in writing, withdraw from them, for a period not exceeding five years, the privileges conferred by this rule.

3. Any resident of any village in the Porahat Estate may be authorised by the Deputy Commissioner to do any of the acts mentioned in rule 2, free of charge, in any area set apart for the purpose by the Deputy Commissioner.

4. (1) Licenses may be granted by the Forest Officer—

- (a) to any inhabitant of a town or village in the vicinity of an undemarcated forest authorising him to take trees, timber or other forest produce therefrom for his own use ; or
- (b) to any person, authorising him to fell or remove trees, timber or other forest produce from an undemarcated forest for purposes of trade.

(2) Every such license shall provide for payment being made by the licensee, at the rates prescribed for the time being, for all trees, timber or other forest produce taken, felled or removed thereunder.

5. No person who is authorised by or under these rules to fell, remove or take trees, timber or other forest produce shall injure or wastefully use any tree of a reserved species, or any tree which is over three feet in girth at a height of three feet from the ground whether in the course of collecting forest produce or doing any other act :

Provided that this prohibition shall not extend to the jopping of trees for the collection of *lac* by residents of the village within which they stand.

6. Any person who fells a green tree under these rules shall cause the same to be cut as nearly level with the ground as may be feasible.

7. The Deputy Commissioner may, by order in writing, delegate to the Forest Officer all or any of the powers conferred on himself by these rules, and may, by like order, resume any power so delegated.

Prohibition of certain acts, except as provided by these rules.

Right of recorded tenants to take forest produce for private use, to pasture cattle and to clear land for cultivation.

Application of rule 3 to villagers.

Grant of licenses to take, fell or remove forest produce.

Prohibition against injury to, or wasteful use of, trees.

Felling of green trees.

Delegation of powers.

DECLARATION.

No. 1421 J.D.—The 28th June 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the support of 4A Chotta Dhemo siding and that part of the Sanatoria Branch of the Bengal-Nagpur Railway which lies between mile 202 feet 4868 and mile 203 feet 353, and whereas coal-mines are situate under the said land, and whereas the Bengal-Nagpur Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Dishergarh Seam beneath the Branch and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Bengal-Nagpur Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Bengal-Nagpur Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

- (a) That the coal which remains under the acquired land shown edged with pink on the plan shall be left unworked.
- (b) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.
- (c) This Declaration applies only to the Dishergarh Seam and to the area edged with pink on the plan. If it is desired to work any other seam under this area, the working thereof must be the subject of a separate notice under section IV of the Land Acquisition (Mines) Act, 1885, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 111 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

CIVIL DIVISION OF THE INDIAN ORDER OF MERIT.

NOTIFICATION.

Calcutta, the 1st January 1909.

No. 2.—The Governor-General in Council is pleased to sanction the admission to the third class of the Civil Division of the Indian Order of Merit of the Honourable the Maharaja Dhiraj Bijay Chand Mahtab Bahadur of Burdwan for conspicuous courage displayed by him at the Overtoun Hall on the 7th November 1908, in connexion with the attempt upon the life of Sir Andrew Fraser, the Lieutenant-Governor of Bengal. On Sir Andrew Fraser's entering the Hall a young Bengali stepped towards him and presenting a revolver at him, pulled the trigger, but the weapon fortunately missed fire. The Maharaja Dhiraj of Burdwan at once flung himself between Sir Andrew Fraser and the would-be murderer. The latter was seized by Mr. B. R. Barber, the General Secretary of the Young Men's Christian Association in Calcutta, but succeeded in again directing the revolver towards the Lieutenant-Governor and a second time fired the weapon without result. If it had not missed fire, the bullet would in all probability have struck the Maharaja who had courageously interposed himself between Sir Andrew Fraser and his assailant and was effectually shielding him from danger.

GEOLOGY AND MINERALS.

Dated Calcutta, the 30th December 1908.

No. 11793—103 —In exercise of the powers conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor-General in Council is pleased to make the following rules for the whole of British India in respect of all mines:—

No. 803—25-5, dated 27th January 1904.
No. 5953—36, dated 10th May 1907.
No. 7881—36, dated 10th September 1907.
No. 10016—100, dated 4th December 1907.

The notifications noted on the margin are hereby cancelled.

1. Forms I, II, III and IV in the Schedule hereto annexed shall be ⁽¹⁾ filled up in duplicate by the agent, or, if there is no agent, by the owner or manager of a mine, and one copy of each shall be forwarded to the Chief Inspector of Mines and the other to the District Magistrate not later than the 1st February ⁽²⁾ in each year.

Annual returns.

2. When a mine, seam or vein has been abandoned for more than one month, or the working thereof discontinued for more than two months, the owner of the mine, seam or vein shall within seven days after the expiry of such period send notice to the Chief Inspector of Mines specifying the name and situation of the mine, the name of the owner and the date and cause of abandonment or discontinuance.

Notice of abandonment.

3. When a mine, seam or vein is re-opened after abandonment or discontinuance, the owner shall send notice to the Chief Inspector of Mines within one month after the date of re-opening.

Notice of re-opening.

4. When a change occurs in the name of a mine, or of an owner or agent of a mine, notice of the change shall be sent by the owner, agent or manager to the Chief Inspector of Mines within one month after such change.

Change of name of owner, or of mine.

5. If the owner, agent or manager of any mine intends to extend any mining operations under his control at or to any point within fifty yards of any railway subject to the provisions of the Indian Railways Act, 1890, he shall give the Chief Inspector of Mines and the Railway Administrations concerned notice in writing of his intention so to do sixty days before the commencement of such extension.

Notice of extension to vicinity of railway.

6. If the operations in respect of which notice is given under rule 5 are not commenced within twelve months from the expiry of the period of sixty days therein referred to, the notice shall be held to have expired, and a fresh notice shall be given by the owner, agent or manager of the mine, under rule 5.

Expiry of notice under rule 5.

7. The notice to be given under rule 5 shall specify the position of the working of the mine in relation to the railway in question, the manner in which it is proposed to carry out the intended new operations, the limits to which it is proposed to carry the said operations, and whether the operations are actually in progress, and shall include a plan showing the existing and the intended mining operations in so far as they affect the railway in question.

Particulars to be given in notice under rule 5.

8. When an accident occurs in or about a mine causing loss of life or serious bodily injury, or when an accidental explosion occurs in a mine, the owner, agent or manager of the mine shall within twenty-four hours of the occurrence of such accident, give notice of the accident to the Chief Inspector of Mines by despatching to the Magistrate of the district or to the Subdivisional Magistrate, for transmission to the Chief Inspector of Mines, a notice in form V in the schedule hereto annexed.

Notice of accident.

Explanation.—An injury is said to be serious which involves or will in all probability involve the loss of or permanent injury to any limb, or to the sight or hearing, or fracture of any limb, or enforced absence from work for twenty days, or which is declared by any medical officer to be serious.

9. When any person dies from the result of an injury already reported as serious under rule 8, the owner, agent or manager of the mine shall send notice, within twenty-four hours of his being informed of the death, to the Chief Inspector of Mines, through the Magistrate of the district or the Subdivisional Magistrate.

Notice of deaths from injuries.

⁽¹⁾ Under section 23 (2) (b) of the Indian Mines Act, failure to forward correct returns to the Chief Inspector of Mines not later than 1st February in each year will render the agent, owner or manager liable on conviction to a penalty which may extend to Rs. 500.

⁽²⁾ It will greatly facilitate the preparation of the Statistics if the returns are despatched as soon as possible after the close of the year.

10. From every order passed by the Chief Inspector of Mines under section 6, clause (d), an appeal shall lie to the Mining Board, if a Mining Board has been constituted under section 9 of the said Act for the Province or part of the Province where the mine in respect of which the order was made is situate and elsewhere to the Chief Controlling Revenue authority, as defined in section 2, clause (8), of the Indian Stamp Act, 1899 (II of 1899).

The following order, issued by the Government of India, Department of Commerce and Industry, is republished for general information.

F. W. DUNN,
Offg. Chief Secy. to the Govt. of Bengal.

No. 11530—11548-45, dated Calcutta, the 18th December 1908.

NOTIFICATION—By the Government of India, Department of Commerce and Industry.

In accordance with the provisions of section 18 of the Indian Explosives Act, 1884 (IV of 1884), and of the notification of the Government of India in the Home Department, No. 1964, dated the 2nd September 1887, the Governor-General in Council is pleased to publish for general information the following amendments which His Excellency in Council, in exercise of the powers conferred by section 5 of the said Act, proposes to make in the rules to regulate the transport and importation of explosives, published with the notification in this Department, No. 4555-4 (Explosives), dated the 31st May 1907.

The draft will be taken into consideration by the Governor-General in Council on the expiration of two months from the date of publication of this notification in the *Gazette of India*.

Draft amendments.

In rule 25—

(a) The following shall be inserted after the first sentence:

"Explosives, other than those referred to in rule 18, which have undergone the test prescribed by the rules made by the Governor of the Straits Settlements in Council under the Explosives Ordinance, 1899, to regulate the manufacture, use, sale, storage, transport, importation and exportation of explosive substances, may be imported by sea from Penang into the port of Victoria Point under a license granted under rule 20 without re-testing, but subject, in the case of such explosives as are mentioned in rule 13, clause IX, to the production of a certificate as provided by the rule in force in the Straits Settlements."

(b) The following shall be inserted after the second paragraph:

"Explosives, other than those referred to in rule 18, which have already undergone the test prescribed by rules 22 and 23 at the port of Rangoon may also be re-imported into the ports of Akyab, Sandoway, Kyaukpyn, Tavoy, Mergui or Victoria Point, under a license granted under rule 17 without re-testing, but subject to the conditions laid down in the foregoing paragraphs of this rule relating to the production of a certificate in the case of explosives mentioned in rule 13, clause IX."

PUBLIC.

Simla, the 15th April 1909.

No. 1970.—The Governor General in Council directs that the following rules regarding the use of uniform by officers in civil employ shall be substituted for those published with the notification of the Government of India in the Home Department No. 2551, dated the 3rd September 1907:—

Rules regarding the use of uniform by Officers in civil employ.

[These rules will not apply to officers holding political appointments, whose uniform will continue to be regulated by the orders issued in the Foreign Department.]

- I.—The uniform to be worn by officers in civil employ will be that shown in the schedule appended to these rules.
- II.—Civil officers who do not hold purely political appointments, but merely have some political work to do in addition to the ordinary duties of their office, are not entitled to wear political uniform.
- III.—An officer is not entitled to continue to wear the uniform of an office which he has ceased to hold.
- IV.—At Levées, Drawing Rooms and State ceremonies, officers of the Army in civil employ, for whom no political or special uniform is prescribed, shall wear the uniform of the Corps or Department to which they belong: and, on all occasions on which military mess dress is worn by officers in military employ, it may also be worn by military officers in civil employ. But when a military officer is appointed substantively to any civil office for which uniform is prescribed, he shall wear the uniform of that office.
- V.—An officer appointed temporarily to an office, for which a uniform is prescribed, need not wear that uniform.
- VI.—Retired civil officers, who, when last on duty in India, were entitled to wear uniform, will be permitted to wear their uniform at the Court of His Majesty the King-Emperor; such officers will, when living in India, be permitted to wear their uniform at Government Houses and on any occasion on which, before their retirement, they would have worn it.
- VII.—Civil officers whose retirement is due to misconduct will not enjoy the privilege conferred by rule VI.
- VIII.—Members of the Indian Civil Service, when on leave in England or otherwise present there during their service, will be permitted to wear their uniform at the Court of His Majesty the King-Emperor.

When attending Full Dress functions, such as Courts and State Balls, in England, officers entitled to wear uniform of the first and second classes described below, should wear breeches, hose and shoes, as described in the extract from the publication entitled "Dress worn at Court," Edition 1908, reprinted below, instead of trousers and boots.

Buttons.—Lieutenant-Governors and Members of Council will wear gilt mounted buttons with the Royal Arms, with supporters. The buttons to be worn with the other two classes of uniform should be gilt mounted bearing the Royal Arms without supporters, surmounted by the Imperial Crown.

Helmet, boots, spurs, forage cap, sword and sword belt.—As for undress.

Lieutenant-Governors and Members of Council to wear the same as 1st class officers. Belt to be worn under the coat.

NOTE.—This uniform will be worn in substitution either for the full dress or undress uniform during such periods of the year as the Local Government may prescribe. Local Governments are authorised to declare that officers need not provide themselves with it unless an occasion arises when they will require it. When the uniform is worn as full dress, medals and decorations will be worn. When it is worn as undress, ribbons only will be worn. No separate evening dress is prescribed for the hot weather.

NOTIFICATION. EXPLOSIVES.

Simla, the 14th April 1909.

No. 2721-13.—In exercise of the powers conferred by section 5 of the Indian Explosives Act, 1884 (IV of 1884), the Governor-General in Council is pleased to make the following amendments in the rules to regulate the transport and importation of Explosives, published with the Notification in this Department No. 4555-4 (Explosives), dated the 31st May 1907 :—

In rule 25—

(a) The following shall be inserted after the first sentence :—

"Explosives, other than those referred to in rule 18, which have undergone the test prescribed by the rules made by the Governor of the Straits Settlements in Council under the Explosives Ordinance, 1889, to regulate the manufacture, use, sale, storage, transport, importation and exportation of explosive substances, may be imported by sea from Penang into the port of Victoria Point under a license granted under rule 20 without re-testing, but subject, in the case of such explosives as are mentioned in rule 13, clause IX, to the production of a certificate as provided by the rule in force in the Straits Settlements";

(b) for the word "certificate" at the beginning of the second paragraph the word "certificates" shall be substituted;

(c) the following shall be inserted after the second paragraph :—

"Explosives, other than those referred to in rule 18, which have already undergone the test prescribed by rules 22 and 23 at the port of Rangoon, may also be re-imported into the ports of Akyab, Sandoway, Kyaukpyu, Tavoy, Mergui or Victoria Point, under a license granted under rule 17 without re-testing, but subject to the conditions laid down in the foregoing paragraphs of this rule relating to the production of a certificate in the case of explosives mentioned in rule 13, clause IX."

MILITARY SECRETARY'S OFFICE.

NOTIFICATION.

Simla, the 28th April 1909.

No. 681M.—Notice is hereby given that His EXCELLENCY THE VICEROY AND GOVERNOR-GENERAL will hold a Levée at Viceregal Lodge, Simla, at 9-45 P.M. on Monday, the 24th May 1909.

All Civil and Military Officers and the Indian Officers of the Infantry Guard are invited to attend.

The following regulations are to be observed :

- I.—Admission into Viceregal Lodge on the occasion of the Levée will be by tickets only which will be issued by the Military Secretary's Office on receipt of applications from Officers and other gentlemen who are already on the Viceregal Lodge List or who have already been presented at the Court of St. James and are desirous of attending the Levée.
- II.—Applications for tickets of admission with addresses and with information as far as possible as to when, where and by whom the applicants were presented, should be submitted to the Military Secretary's Office not later than 21st May, after which date no applications will be received.
- III.—On receipt of applications, tickets of admission to Viceregal Lodge will be issued. These same tickets will be made use of by the Military Secretary when reading the names to His Excellency the Viceroy, and must consequently be carefully preserved. No other name-cards will be required.
- IV.—Rules I, II and III do not apply to gentlemen who have the privilege of the Private Entree to Viceregal Lodge.
- V.—Gentlemen who have not already been presented at the Court of St. James, or at the Viceregal Court, should send in their names and addresses through the gentlemen who propose to present them to the Military Secretary's Office not later than Wednesday, the 19th May 1909, in order that the names may be submitted to His Excellency, when, if they are approved, presentation cards will be forwarded. These very presentation cards will be made use of by the Military Secretary when reading the names to His Excellency the Viceroy and must therefore be carefully preserved.
- VI.—Gentlemen presenting others must themselves attend the Levée.
- VII.—Gentlemen entitled to wear uniform will appear in Full Dress: Military Officers—Review Order, dismounted; Civilians—Levée Dress. Helmets will not be taken to the Levée.
- VIII.—Clergymen being University Graduates and other gentlemen entitled to wear robes or gowns on account of Judicial or Academical office or status, and not entitled to wear uniform, will appear in such robes or gowns.
- IX.—Gentlemen not entitled to wear uniform, or robes or gowns, will appear in Evening Dress.
- X.—Indian Gentlemen who do not appear in the dress prescribed above will wear Choga, Aba or Jubba and Chapkan, Chilta, Saya or Kaba with trousers and their distinctive National head-dress, or the ceremonial dress approved for their class by the Local Government.

In the case of Bengali gentlemen the head-dress should be a Pugree generally known as Shamla or Mouratta, and not a brimless cap.

In the case of Burmese gentlemen, the head-dress should be a white fillet, the hair being dressed in a top knot.

Indian gentlemen who do not appear in the dress prescribed in Rules VII, VIII and IX should not remove their head-dress when they pass His Excellency.

At the Viceregal Court only patent leather boots or shoes of an English pattern are allowed to be worn, except in the case of Indian Military Officers, who wear the particular style of boot or shoe which forms part of their uniform.

By Command,

JOHN MACKENZIE, Captain,
Offg. Military Secretary to the Viceroy.

No. 2312.—The following rules regarding the presentation of Indian gentlemen at His Majesty's Levées by the Political Aide-de-Camp to the Secretary of State for India are published for general information:

Rules regarding the presentation of Indian gentlemen at His Majesty's Levées by the Political Aide-de-Camp.

1. No Student, as such, shall be considered eligible for presentation until he has been called to the Bar (if studying law) or taken his degree (if a University Student), or his Diploma, or similar distinction, if studying for any other profession; provided that, in the case of Law Students, the Political Aide-de-Camp, at his discretion, may submit to the Lord Chamberlain for presentation the name of a Student who, having passed his final examination, is awaiting call to the Bar, and would return to India before another opportunity could occur for presenting himself at a Levée.

2. In the case of Indian Visitors to England, evidence must be adduced that the applicant has been received at a Levée or Durbar held by the Viceroy of India, or the Governor or Lieutenant-Governor of the Province to which he belongs, or, if he be the subject of a Native State, that he is a "Durbari" in the Indian acceptance of that term.

3. Young men visiting England, to whom neither of the above rules is applicable, will be treated, if of age, as eligible for presentation at a Levée if their fathers would be eligible under Rule 2.

4. All applications for presentation or attendance at a Levée must be submitted to the Political Aide-de-Camp at least a fortnight before the date announced for the Levée.

5. Indian dress, with patent leather shoes, must invariably be worn by all Indian gentlemen who are presented at, or attend a Levée, by application through the Political Aide-de-Camp.

RESOLUTION—By the Government of India, Home Department.

No. 558.—The following correspondence, regarding the restriction of the growth of the Indian Medical Service and the employment of medical practitioners recruited in India, is published for general information:—

INDIA OFFICE, LONDON,

The 9th August 1907.

Military,

No. 137.

To His Excellency the Right Honourable the Governor-General of India in Council.

MY LORD,

I desire to invite the attention of Your Excellency's Government to Lord George Hamilton's despatches, Military, No. 5, 18th January 1900, and Public, No. 157, 13th December 1900. In the closing paragraph of the last despatch my predecessor observed: "It would be of such a great benefit to India generally that medical men should establish themselves in private practice in the country in the same way as they do in other parts of Her Majesty's Empire without entering the medical service connected with the army, that I am unwilling to accept proposals based upon the assumption that sufficient medical qualification will never be found in or elsewhere outside the Indian Medical Service." I am not aware that this part of my predecessor's despatch has ever formed the subject of a communication from the Government of India, but I am confident that the policy indicated in it will generally have the hearty support of Your Excellency as it has mine. I shall be glad to be informed whether any steps have yet been taken to give effect to that policy, and whether any further measures are in contemplation for promoting the growth of an independent medical profession in India.

I have the honour to be,

MY LORD,

Your Lordship's most obedient, humble servant,

JOHN MORLEY.

No. 20, dated Simla, the 20th August 1908.

From—The Government of India, Home Department,

To—The RIGHT HON'BLE VISCOUNT MORLEY OF BLACKBURN, O.M., His Majesty's Secretary of State for India.

We have the honour to refer to Your Lordship's despatch No. 137 (Military), dated the 9th August 1907, regarding the measures which have been taken or are in contemplation for promoting the growth of an independent medical profession in India. We desire, in the first place, to explain why we have not replied at an earlier date. Last year we addressed local Governments on the subject of creating appointments of medical officers of health in both urban and rural areas, and we suggested that these posts should, whenever possible, be filled by Indian medical men outside the Indian Medical Service. We felt that the reception given to this proposal would assist us in replying to the despatch, but as only one local Government has at yet favoured us with its opinion, and as we learn that Your Lordship desires an early expression of our views, we proceed to state the general conclusions at which we have arrived.

2. We are in entire sympathy with the desire to promote the growth of an independent medical profession in India, and we recognise the important bearing upon this question of Lord George Hamilton's suggestion that advantage should be taken of the creation of new medical appointments to provide for the admission of independent practitioners either to the new appointments or to some of the posts which are regarded as reserved for members of the Indian Medical Service. One essential restriction, however, upon any reduction of the numbers of that service is that its strength must always be sufficient to meet the medical requirements of the Indian army. In order that it may do this effectually it is necessary that it should include a large reserve of officers whose services would be available on the outbreak of war; and as a measure of economy these reserve officers must in peace time be employed on civil duties. It appears, however, from inquiries we have made, that about one-third of the officers holding these civil posts could not be spared for military duty even in the event of an emergency so grave as to require a general mobilization of the army in India. To the extent of about one-third, therefore, the officers in civil employ do not form any part of the real war reserve, and there would be no military objections to the transfer to independent practitioners of the civil appointments held by them.

3. We have accordingly to consider whether there are objections on other grounds to such a transfer. The posts referred to include certain administrative offices which must continue to be held by senior members of the Indian Medical Service. They also include some of the more important of the civil surgeoncies, superintendentships of lunatic asylums, appointments in the Assay Department, the Chemical Analyser's Department and the Bacteriological Department, and about half the professorial appointments in the various medical colleges. With regard to the last mentioned appointments it has been urged that any large reduction in the number of such posts reserved for members of the Indian Medical Service would seriously diminish the attractiveness of that service and produce a deterioration in the quality of the candidates. We admit that this argument would have considerable force if it were contemplated to deprive the Indian Medical Service of the full number of these appointments at one stroke, but there is no possibility of qualified candidates being forthcoming at present for more than a very small proportion of them, and we do not anticipate that the exclusion of these few posts will have any appreciable effect upon recruitment. By the time that a larger number of qualified candidates is forthcoming it is probable that the number of medical schools and professorial chairs will also have increased, and there will, therefore, be no difficulty in retaining for the Indian Medical Service a proportion of prize appointments sufficient to maintain its attractiveness.

4. The attainment of the object which Your Lordship and ourselves alike have in view depends, then, upon the possibility of finding in this country medical practitioners qualified to hold the appointments which could be thrown open to them. There would undoubtedly be no difficulty in securing the services of private practitioners who are qualified to fill the less important civil surgeoncies, but unfortunately these are just the appointments in which the war-reserve officers of the Indian Medical Service can most suitably be employed, and the transfer of these surgeoncies from that service might, therefore, cause some embarrassment and lead to increased expenditure. For the more important appointments of civil surgeon, the bacteriological and other special posts, and the professorial chairs, very few qualified candidates could at present be found. It is in our opinion of the highest importance and essential to the growth of a really efficient independent medical profession that the present high character of the instruction given in the Medical Colleges in India should be maintained unimpaired. Any diminution of efficiency in that direction would go far to defeat the object in view, and would most certainly retard the more general employment of independent practitioners. Subject, however, to this essential condition of efficiency, we are quite willing to appoint such practitioners, to professorial posts whenever fully qualified candidates are forthcoming. And we shall also be prepared to appoint qualified medical gentlemen outside the ranks of the Indian Medical Service to other posts which are not required for the employment of the war-reserve of Medical officers.

5. We desire to impress upon Your Lordship the excellent work which has been and is being done by the medical schools in India. The majority of the students who pass through those schools do already take to private practice, and in this way an independent medical profession is gradually being created. The general average of attainments of these men is not, it is true, equal to that of the officers of the Indian Medical Service, but each generation of students is better than its predecessors, and provided nothing is done to lower in any way the standard of instruction given in the Medical Colleges, there is every reason to hope that this progressive improvement will be maintained.

6. Your Lordship will observe that in the preceding paragraphs we have considered the question only with reference to the general medical profession in India. We have done so, because we consider that it is an essential condition of the introduction of any scheme for the gradual opening of civil medical appointments now reserved for the Indian Medical Service to the general medical profession that qualified candidates should be available among the natives of this country or the domiciled community. The appointment of English medical men recruited in England would lead to serious practical difficulties, as these gentlemen would require leave to England in the same way as members of the Indian Medical Service, and, if we did not form a leave reserve of men similarly recruited, we should find ourselves in an embarrassing position when they were granted leave. Further, to recruit medical practitioners in England and form a leave reserve would in effect be to create a second medical service, which would doubtless put forward claims to be treated in precisely the same way as the Indian Medical Service, and which would do nothing to promote the growth of an independent medical profession in this country. If European Medical officers are required for any particular appointment or class of appointments, they can, in our opinion, most advantageously be supplied by the Indian Medical Service.

7. We desire to remark incidentally that we anticipate that difficulties may arise from the appointment of independent medical practitioners to particular posts, such as Civil Surgeoncies. Owing to the multiplicity of gratuitous services which are demanded of Civil Surgeons, it is quite possible that, if private practitioners are appointed, patients entitled to such services may not infrequently complain of neglect. At present it is comparatively easy to deal with such complaints; but when the Civil Surgeon is not a member of a particular service, and so liable to transfer, but an independent practitioner permanently resident in the station, it will be difficult, if the complaints prove to be well-founded, to provide any adequate remedy short of his removal from office, and his replacement either by another independent practitioner, if one is available, or by an officer of the Indian Medical Service.

These difficulties, however, are not, we believe, insuperable; and they will tend to diminish with the increase in the number of practitioners who are qualified to hold such appointments and anxious to obtain them.

8. In conclusion, we desire to repeat the considerations which in our opinion must govern any advance in the direction indicated in Your Lordship's despatch, *viz*—(1) that the advance should be very gradual and tentative and in the main, though not exclusively, from the bottom; (2) that it should be made only as really qualified candidates become available in India; (3) that nothing should be done to lower the efficiency of the medical schools and their hospitals; (4) that a sufficient number of civil appointments be reserved to provide for the economical employment of the war-reserve of the Indian Medical Service; and (5) that, in determining what these appointments should be, the necessity of maintaining the attractiveness of the Indian Medical Service should be borne in mind. When Your Lordship has placed us in possession of your views upon our proposals, we shall address Local Governments upon the whole subject, and in due course communicate to you the result of our further consideration of the points discussed with them.

INDIA OFFICE, LONDON,
11th December, 1908.

Military.
No. 225.

To His Excellency the Right Honourable the Governor-General of India in Council.

MY LORD,

In connection with Your Excellency's despatch in the Home Department, No. 20, dated 20th August, 1908, I have given consideration in Council to the question whether further steps can be taken to promote the growth of an independent medical profession in India by throwing open to the profession in general some of the various civil appointments now held by officers of the Indian Medical Service, and other similar appointments which may be created in future.

2. I observe with satisfaction that your Government are in accord with the object I have in view. As regards the means to be adopted for attaining that object, I concur generally in the principles laid down at the end of your despatch, and shall be glad to learn, after you have received and considered the opinions of the Local Governments, what measures you can propose in order to give effect to them.

3. Since 1899 successive Secretaries of State have drawn attention to the objections to indefinite extension of the cadre of the Indian Medical Service for the purpose of providing for miscellaneous appointments for which that service, though it may offer well qualified candidates, is not the only, and may not be the most economical, source of supply. Notwithstanding the necessity for restriction, the cadre of the Indian Medical Service has in recent years continued to increase, and, apart from other objections, its further increase would be likely to cause serious difficulties in the matter of recruiting. I have consequently decided that the time has now arrived when no further increase of the civil side of the service can be allowed, and when a strong effort should be made to reduce it by gradually extending the employment of civil medical practitioners recruited in India.

4. Your Excellency's Government will consider what appointments can best be filled in this way. If there should be any particular posts requiring special qualifications, for which suitable persons, whether trained in Indian colleges or holding European medical degrees, be they European, Eurasian, or Indian, cannot be obtained in India, it will be necessary to seek candidates from this country.

5. When it is found impossible to obtain a man from outside the Indian Medical Service to fill a particular new civil appointment, or one which has not previously been so filled, I will not object for the present to that service being drawn upon; but the vacancy so caused must be filled from outside it, *i.e.*, no appointment must be made in succession which would involve an addition to the cadre of the Indian Medical Service.

I have the honour to be,

MY LORD,

Your Lordship's most obedient, humble servant,

MORLEY OF BLACKBURN.

CUSTOMS.

Simla, the 25th May 1909.

No. 3610-4.—In exercise of the powers conferred by section 8-A, sub-section (2), and section 8-B, sub-section (3), of the Indian Tariff Act, 1894 (VIII of 1894), as amended by the Indian Tariff (Amendment) Act, 1899 (XIV of 1899), the Indian Tariff (Amendment) Act, 1902 (VIII of 1902), the Indian Tariff (Amendment) Act, 1903 (XII of 1903), and the Tariff Act, 1904 (XI of 1904), and in supersession of the rules for the identification of sugar published in the Notification of the Government of India in the Finance and Commerce Department, No. 4439S. R., dated the 14th August 1902, as amended by the Notification in that Department, No. 5202Exc., dated the 15th August 1904, and by the Notifications in this Department, No. 523, dated the 10th March 1905, and

No. 1851-7, dated the 21st February 1906, the Governor-General in Council is pleased to make the following rules for the identification of sugar chargeable with an additional or special duty imposed under sub-section (1) of the said sections respectively, and for the assessment and collection of such additional or special duty, namely :—

RULES.

1. For the purposes of these rules, unless there is anything repugnant in the subject or context, "Customs-port," "Chief Customs authority," "Customs Collector," "owner" and "public warehouse" have the meanings respectively assigned to them in the Sea Customs Act, 1878 (VIII of 1878).

2. Where any sugar is imported into any Customs-port, the owner shall declare to the Customs Collector in what country such sugar was produced, and shall furnish him with such other information as may be necessary to enable him correctly to assess the additional or special duty (if any) chargeable under sub-section (1) of section 8-A or 8-B, respectively, of the Indian Tariff Act, 1894 (VIII of 1894).

3. (1) Where the information required by rule 2 is not furnished, the Customs Collector shall deposit and detain the sugar in such part of the Custom-house premises as he may deem suitable.

(2) The owner of any sugar deposited and detained under sub-rule (1) may, at any time, clear such sugar on payment of the additional or special duty leviable thereon and of the other charges payable to the Customs Collector, whether for wharfage-fees or otherwise, in respect of the same.

(3) For the purposes of sub-rule (2) and for the purpose of calculating the surplus payable to the owner under section 88 of the Sea Customs Act, 1878, the additional or special duty leviable upon any sugar deposited and detained under sub-rule (1) shall, if the information necessary for the correct assessment of the additional or special duty leviable thereon has not been furnished, be assessed at such rate not exceeding the highest rate of additional or special duty leviable upon any class of sugar as the Governor-General in Council may, by general or special order, fix in this behalf.

4. The Customs Collector may accept the information required by these rules in any form which he may consider sufficient; and he shall accept it if given in the form and manner hereinafter prescribed.

5. Where sugar is imported into any Customs-port from a bonded warehouse in the United Kingdom, or, being refined sugar, has been imported on payment of duty into the United Kingdom and exported thence without drawback to any Customs-port, the owners shall furnish the Customs Collector with a certificate in Form A.

6. Where refined sugar, having passed through a refinery in the United Kingdom, is imported from the United Kingdom into any Customs-port, the owner shall furnish the Customs Collector with a certificate in Form B.

7. (1) In the case of any sugar—

- (a) which, though nominally imported into the United Kingdom, has merely passed through a port in the United Kingdom in transit to be re-exported thence to any Customs-port in the same or another bottom; or
- (b) which has been imported into any Customs-port from any country other than the United Kingdom;

the owner shall furnish the Customs Collector with one of the following documents, namely :—

- (i) where the sugar was produced in the country from which it was exported either to the United Kingdom or direct to India, a certificate by the exporter or shipper in Form C;
- (ii) where the sugar was produced in a country other than that from which it was exported either to the United Kingdom or direct to India, a certificate by the shipper or exporter in Form D.

(2) Where any sugar referred to in sub-rule (1) has been exported from a port in any country other than the United Kingdom or any British Possession to the United Kingdom or to any Customs-port, the certificate shall be attested by the British Consular Officer at the port in such country.

(3) Where, in any case referred to in sub-rule (2), the British Consular Officer so desires, the certificate shall have been approved and communicated to him by a Local Chamber of Commerce.

(4) Where in any case referred to in sub-rule (2), the sugar is alleged to be the produce of a country which is a party to the Brussels Sugar Convention of 1904, a certificate granted by a duly authorised Customs Officer of that country as to the origin of the sugar shall be accepted as sufficient proof of its origin.

O. E. A. W. OLDHAM,
Secretary to the Govt. of Bengal.

The Calcutta Gazette.

WEDNESDAY, JANUARY 13, 1909.

PART IB.

Municipal and Local.

NOTIFICATIONS.

No. 2497 Medl.—The 31st December 1908.—In exercise of the powers conferred upon him by section 69B., clause (ii), of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and section 138, clause (k), of the Bengal Local Self-Government Act, III of 1885 (Bengal Act III of 1885), and in supersession of the Notification, dated the 5th January 1892, and of the rules published therewith, as subsequently amended, the Lieutenant-Governor is pleased to make the following rules for the establishment and management of hospitals and dispensaries under the supervision of the Government of Bengal.

O. E. A. W. OLDHAM,
Secretary to the Government of Bengal.

RULES FOR THE MANAGEMENT OF HOSPITALS AND DISPENSARIES UNDER THE SUPERVISION OF THE GOVERNMENT OF BENGAL.

PRELIMINARY.

In these rules—

- (a) "Local authority" means any body of persons for the time being invested by law with the control and administration of any matters within a specified local area. It includes a Joint-Committee under section 30 and a Local Board under section 101 of Bengal Act III of 1885.
- (b) "Local fund" means any fund under the control or management of a local authority.

CLASSIFICATION.

Classification of Hospitals and Dispensaries.

RULE 1.—Hospitals and dispensaries under Government supervision are divided into the following classes:—

Class I. *State—Public hospitals and dispensaries.*

Class II. *State—Special hospitals and dispensaries.*

(i)—Police ...

(ii)—Forest and Surveys ...

(iii)—Canals ...

(iv)—Others ...

These include all institutions maintained by Provincial funds and under Government management. (The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions should not be regarded as a reason for not classing it as "State," so long as Provincial and Imperial funds are ultimately responsible for all the charges connected with it.)

Class I.—"Public" are State dispensaries which are open to the poorer classes of the public.

Class II.—"Special" are State dispensaries which serve only a special section of the public, as indicated in the sub-classification attached.

Class III.—*Local Fund Hospitals and Dispensaries*—includes all institutions which are vested in local authorities, or guaranteed or maintained by local funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine or otherwise, should not be regarded as a reason for not classing it as a Local Fund Dispensary so long as its existence is ultimately dependent upon local funds.

Class IV.—*Private aided Hospitals and Dispensaries*—comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

Class V.—*Private non-aided Hospitals and Dispensaries*—comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers and forms should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—*Railway Hospitals and Dispensaries*—comprises all Railway institutions whether maintained by State Railways or others.

**OPENING AND CLOSING OF DISPENSARIES AND CONDITIONS
UNDER WHICH GOVERNMENT AID AND SUPERVISION
WILL BE GIVEN.**

RULE 2.—A dispensary may be opened by a local authority with the sanction, general or special, of the Commissioner, and on provision of the necessary funds in the annual budget, and it may be closed by the same authority, with the same sanction. When thus opened or closed by a local authority, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals, in order that the dispensary may be added to or struck off from the list in Class III. No dispensary in Class III, in which a Government medical subordinate is employed shall, however, be closed without the sanction of Government, and, in the case of a dispensary in Class IV or V, three months' notice shall be given to the District Magistrate and the Civil Surgeon before the dispensary is closed. All dispensaries maintained by local authorities with public funds entrusted to them by Government are subject to all the rules hereby laid down for the management of such institutions. Whenever a dispensary under Class IV or Class V is opened or closed by a private individual, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals.

(i) Institutions in Class IV, which are in receipt of aid from Government or Local funds, shall be subject to the rules laid down in this Manual. Private non-aided dispensaries shall not be brought under the supervision of Government except at the request of those who are responsible for their maintenance. When the Inspector-General of Civil Hospitals approves of their being brought under Government supervision, they shall be placed in Class V and be subject to such of these rules as are applicable to them.

(ii) Whenever a new dispensary is opened, whether it is a State or Local Fund, or when a private dispensary is proposed to be placed under Government supervision, the Civil Surgeon of the district should furnish the Inspector-General of Civil Hospitals with information on the following points:—

- (a) Allotment made under the different heads of expenditure for the maintenance of the dispensary.
- (b) A copy of the Divisional Commissioner's order sanctioning the establishment of the dispensary, unless it is a private one.
- (c) A plan of the building in which the dispensary is or will be located.
- (d) The authority mainly responsible for its maintenance and the class in which it is proposed to place it.
- (e) The diploma and other certificates of the Medical Officer whom it is proposed to appoint as laid down in rule 10.

(iii) No dispensary should be removed from one place to another until the matter has been fully discussed and the Inspector-General of Civil Hospitals informed in sufficient time to enable him to express an opinion and to sanction or reject the proposal.

RULE 3.—Applications for grants from Government in respect of any dispensary shall be submitted to Government through the Magistrate and the Commissioner.

Grants-in-aid by Government and Local authorities.

(i) The Lieutenant-Governor reserves the right to withdraw Government supervision or aid in any case, or at any time, when it may seem desirable to do so.

(ii) No grant may be made by a local authority in aid of any hospital or dispensary which has not received the recognition of Government and been classified under these rules. Grants-in-aid shall be made only in accordance with these rules.

RULE 4.—A guarantee bond (*vide* form given in Appendix A) for the maintenance of a dispensary for a given period may, if thought necessary, be required from the intending supporters of an institution in Class IV or V as a condition precedent to their obtaining assistance from Government in money or in any other way.

Guarantee Bond.

RULE 5.—The Managing Committee or person or persons vested with the management of every hospital or dispensary under these rules, whether in Class I, Class II, Class III, Class IV or Class V, shall submit to the Medical Department, through the Civil Surgeon of the district, such reports, returns, and accounts as may be prescribed by the Inspector-General of Civil Hospitals from time to time. Such reports, returns, and accounts shall be in such forms, and be submitted on such dates, as may be prescribed. All books, registers, and forms which may be necessary for the preparation and submission of such reports, returns, and accounts will be supplied by Government free of cost.

Submission of reports, returns and accounts.

RULE 6.—Every institution which is recognized by Government and brought under these rules is subject to inspection and supervision by the Commissioner of the Division, by the Civil authorities of the district, by the Civil Surgeon, by the administrative officers of the Medical Department, and by any other person who may be generally or specially appointed by the Commissioner of the Division in that behalf. No charge will be made for such inspection or supervision.

Inspection and Supervision.

RULE 7.—Government aid to a hospital or dispensary will be conditional on the observance of due economy in the management of the dispensary funds. The Inspector-General of Civil Hospitals will bring to the notice of Government any instance in which he considers that such economy is not observed, and that the Government aid should be continued or withdrawn.

Conditions for grant-in-aid.

RULE 8.—Every dispensary under Government supervision which has accommodation for in-patients shall admit all cases brought by the Police for examination and treatment.

Admission of Police cases, and post mortems.

APPOINTMENT, PAY, LEAVE, AND PENSION OF MEDICAL OFFICERS.

RULE 9.—The medical officer of every institution in Class I or II of these rules shall be a member of the Government service, and shall be appointed by the Inspector-General of Civil Hospitals.

Appointment of medical officer in State institutions.

RULE 10.—The local authority or Managing Committee vested with the control and administration of an institution in Class III, and the Managing Committee or person or persons vested with the management of an institution in Class IV or V shall be entitled to appoint their own medical officer subject to the following conditions, viz.—

Appointment of medical officer in other cases.

- (a) that he be a duly qualified medical man, licensed or certified by a recognised medical college or school, his license or diploma being subject to examination and approval by the Inspector-General of Civil Hospitals;
- (b) that he be not a dismissed servant of Government, or disqualified for his duties by age, infirmity or character; and
- (c) that in the event of misconduct, insolvency, or professional incompetence by reason of age or otherwise, being proved against him to the satisfaction of the Medical Department he be removed from his charge on the requisition of the Inspector-General of Civil Hospitals:

(i) Provided that, on the application of the local authority or Managing Committee of any such institution, the services of a Government medical officer may be lent to such institution, subject to the rules laid down in this Manual. In such cases the pay *plus* contribution towards pension and allowance for leave including privilege leave of an Assistant Surgeon will be assumed to be Rs. 213 per mensem, and the pay including contribution for privilege leave allowance of a Civil Hospital Assistant, Rs. 47, and local authorities will be required to pay these sums into the treasury half-yearly in June and December, irrespective of the actual pay of the officer appointed.

(ii) Provided, also, that in the case of dispensaries situated at the head-quarters of districts or of subdivisions, the medical officer shall be a member of the Government service, and shall, in all cases, possess such qualifications as may be declared to be necessary for such an appointment. The salary of a medical officer in charge of a dispensary at the head-quarters of a subdivision shall be as laid down in Rule 11.

RULE 11.—In the case of a hospital or dispensary situated at the head-quarters of a subdivision, the Government medical officer in charge of the subdivision will usually be in charge of the hospital or dispensary in addition to his other duties, and will receive from the managers of the dispensary an additional allowance of Rs. 10 a month if he is a Civil Hospital Assistant, or Rs. 20 a month if he is an Assistant Surgeon.

Remuneration of Assistant Surgeons and Civil Hospital Assistants.

(i) In case the officer sanctioned by Government for the medical charge of the subdivision is of the Civil Hospital Assistant class, it will be open to the managers to obtain the services of a Civil Assistant Surgeon on payment of the difference between the assumed pay of an Assistant Surgeon (Rs. 213) and the assumed pay of a Civil Hospital Assistant (Rs. 47) in addition to the dispensary allowance.

RULE 12.—The Inspector-General of Civil Hospitals may, at any time, for departmental or other reasons, remove or transfer any Government medical subordinate whose services have been lent to an institution in Class III, IV or V, and may appoint another medical subordinate to succeed him. In every such case, except as hereinafter provided, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by Government:

Removal or transfer of Government Medical Subordinate.

(i) Provided, that, if any officer is removed or transferred at the request of the local authority or Managing Committee, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by the local authority or Managing Committee concerned. In such cases the local authority or Managing Committee of institutions in Classes III, IV, and V shall be required to give three months' previous notice of their intention.

RULE 13.—The pay to which a Government medical subordinate in medical charge of any dispensary is entitled is only the pay of his grade, and no allowance in addition to his authorized pay can be granted by a local authority without the consent of Government.

Pay of Government medical subordinate lent to be grade pay.

RULE 14.—A Government medical subordinate appointed to the charge of a hospital or dispensary under these rules will retain his right to pension and leave allowances under the rules of the Civil Service Regulations.

Pension and leave allowances of Government medical subordinates.

RULE 15.—All applications for leave from Government medical subordinates must be submitted through the Managing Committee and the Civil Surgeon, to the Inspector-General of Civil Hospitals, Bengal, who alone is authorized to grant the leave and to appoint a substitute, whose transit pay and travelling allowance will be paid by Government. The leave pay of Government medical officers in charge of hospitals or dispensaries in Classes III, IV and V proceeding on leave including privilege leave will be borne by Government.

Applications for leave and payment of allowances.

RULE 16.—Medical officers in charge of hospitals and dispensaries in Class III, IV or V, who are not in Government service, shall be entitled to such leave as the local authority or Managing Committee may grant: provided that the leave or allowances during leave shall not exceed what would be admissible under the rules which apply to an officer paid from general revenues, and that in the case of an institution in Class III, if rules for the grant of leave have been framed by the

Leave of officers not in Government service.

local authority concerned, leave shall only be granted in accordance with such rules. The local authority or Managing Committee shall appoint a *locum tenens* duly qualified under Rule 10, and shall provide for any expenditure that may be incurred on account of the pay of the medical officer while on leave, and the pay and travelling allowances, if any, of his *locum tenens*. In no case shall leave be granted to a medical officer (who is not in Government service) in charge of a dispensary without the cognizance of the Civil Surgeon of the district.

MEDICAL STORES.

RULE 17.—The indents for medical stores for hospitals and dispensaries in Classes III, IV and V must be drawn up by the medical officer of the institution and be checked and passed by the Civil Surgeon before the stores are purchased. Such institutions shall make their own arrangements for the supply of medicines and medical stores.

N. B.—It is advantageous to obtain medical stores excluding opium and quinine from Messrs. Burgoynes, Burdidges & Co., of London, tinctures and other alcoholic preparations from Messrs. Smith, Stanistreet & Co., of Calcutta, mineral acids from Messrs. D. Waldie & Co., of Calcutta, cinchona febrifuge and quinine from Government Quinologist, and castor-oil from the Rampur Boalia Central Jail, and opium from the local treasury.

RULE 18.—Medical stores will be supplied to State hospitals and dispensaries from the Government Medical Store Department; but the indent must be checked and countersigned by the Civil Surgeon, and the supply will ordinarily be confined to the articles specified in the list given in Appendix B, Form XVII. It will, however, be in the discretion of the Inspector-General of Civil Hospitals to sanction or disallow any demand.

RULE 19.—Medical stores to be supplied from the Medical Store Department must be indented for annually, and the annual indent must be submitted on the date fixed by the Civil Surgeon, to enable him to submit the combined indent for his district punctually on the date fixed by the Inspector-General of Civil Hospitals, Bengal.

MANAGEMENT AND SUPERVISION.

RULE 20.—The management of hospitals and dispensaries under these rules shall be vested as follows :—

If the institution is in—

- (a) Classes I and II—in such officer, person or persons as Government may direct.
- (b) Class III—in the local authority with which the ultimate responsibility for its maintenance rests, or in a Managing Committee appointed by that authority, subject to the veto of the Commissioner of the Division. Such Managing Committee may include persons who are not members of the local authority. The District Magistrate and the Civil Surgeon at head-quarters and the Subdivisional

Magistrate and the medical officer of the subdivision shall be *ex-officio* members. The members shall be notified by the Commissioner in the *Calcutta Gazette*, and the Committee shall exercise in respect of the hospital or dispensary for which it is appointed such powers as may be delegated to it by the local authority.

- (c) Classes IV and V—in a Manager or Managing Committee to be nominated by the supporters and approved by the Commissioner of the Division: provided that no Committee shall be appointed for any institution which receives no aid from Government or local funds, unless the proprietors or chief supporters apply for such appointment.

(i) No employee of the dispensary shall be eligible for appointment as a member of the Dispensary Committee. This prohibition does not, however, refer to Civil Surgeons or Subdivisional Medical Officers who are not employees of the dispensary.

Note.—See orders in Government Resolution No. 523T.-M., dated the 2nd November 1899, regarding the constitution of committees for the management of local fund dispensaries and the allotment of funds to those Committees, and also the rules prescribed in Accountant-General Circular, No. 268L.A., dated 18th August 1900, for the guidance of Managing Committees and local authorities in matters of accounts (*vide* Appendix A.)

RULE 21.—Every member of the Managing Committee appointed under Rule 20, clauses (a) and (c) shall vacate his office at the end of three years from the date of his appointment as such member; and

every member of a Managing Committee appointed under Rule 20, clause (b), shall vacate his office when the term of office of the members of the local body by which the Committee is appointed expires:

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new committee appointed to take its place.

(i) Members of Managing Committees appointed under Rule 20 shall be eligible for reappointment after their term of three years expires.

RULE 22.—(1) A member of a committee appointed under Rule 20, clause (a), may at any time be removed from office by the Commissioner of the Division.

(2) A member of a committee appointed under Rule 20, clause (b), may at any time be removed (i) by resolution of the local body by which the committee was appointed, passed by a majority of votes of the members of such body present at a meeting specially convened for the purpose, or (ii), for any of the reasons for which a member of the local body might be removed from office by the authority empowered by law to remove such member.

(3) A member of a committee appointed under Rule 20, clause (c), may at any time be removed from office by the Commissioner of the Division, at the request of the supporters or any of them, or by the Commissioner of his own motion for any of the reasons for which he might remove from office a Municipal Commissioner.

RULE 23.—If any member of the committee shall be unable to complete his full term of office, or shall avail himself of leave granted by the committee, the vacancy caused by his resignation or removal, or death or absence on leave, may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave, as the case may be.

RULE 24.—In cases falling under (b) and (c) of Rule 20, the local authority or the Managing Committee shall elect two of their number to be Chairman and Vice-Chairman respectively, and may also elect another of their number as Secretary.

RULE 25.—The Managing Committee shall meet at least once a month, and shall scrutinize the accounts and enquire into all matters affecting the welfare of the institution. They shall examine and pass the monthly accounts, and shall keep a minute-book in which their proceedings shall be recorded.

RULE 26.—The Managing Committee or the person or persons vested with the management of a dispensary in class IV or V shall be responsible for the management of the funds of the institution. It shall be their duty to see that the guaranteed and promised subscriptions are regularly collected. After defraying the current expenses of the institution, the balance at the end of the month, if any, of the donations, subscriptions, and interest realized by the committee shall be deposited by them in the Post Office Savings Bank. When the amount at credit of the dispensary exceeds Rs. 200, the Comptroller-General shall ordinarily be asked to invest the whole or a part of it in Government securities. No other mode of investment will be allowed without the previous sanction of Government. The proprietors of dispensaries in Class V, may, however, adopt any form of investment so far as the funds of their institution are concerned.

RULE 27.—In the case of institutions in Class III, the endowments and subsequent investments, which must be made in Government securities, shall be held in the custody of the Accountant-General apart from the assets of the local fund. Small sums available for investment should be placed in the Government Savings Bank. The securities must not be sold, and these invested funds must not be appropriated or used in any way without the sanction of Government.

Note.—See orders in Government Resolution No. 523T.—M., dated the 2nd November 1899, regarding the constitution of Committees for the management of Local Fund dispensaries and the allotment of fund to those Committees, and also the rules prescribed in Accountant-General's Circular No. 2631.A., dated 18th August 1900, for the guidance of Managing Committees and local authorities in matters of accounts (*vide* Appendix A.)

RULE 28.—Dispensaries in Class III are subdivided for purposes of account into two classes: Class IIIA—Dispensaries for which separate banking accounts are allowed to be opened in the treasury with the sanction of Government; and Class IIIB.—

Subdivision for purposes of accounts of Local Funds Dispensaries.

Dispensaries for which separate accounts are not allowed at the treasury, but the funds of which are kept under the direct control of the local authority.

(a) CLASS IIIA.—DISPENSARIES.

(1) All subscriptions and donations shall be collected by the Managing Committee and shall be paid into the treasury for credit to the Dispensary Fund. The income from endowments and investments shall, however, be realised by the local authority, and shall be remitted by it to the treasury for credit to the Dispensary Fund, an advice being sent at the same time to the Managing Committee. If any cheques for remittance orders are received, they should be sent intact to the treasury for *per contra* credit to the Dispensary Fund.

Method of keeping accounts where separate banking account is opened in treasury.

(2) All claims should be discharged either by payments from the imprest placed by the Committee in the hands of the medical officer in charge or by cheques drawn by the Secretary or the President upon the treasury in favour of the actual payees. The imprest in the hands of the medical officer shall not ordinarily exceed Rs. 50 in the case of *sadar* dispensaries and Rs. 25 in the case of other dispensaries.

If it is necessary for the local authority to make a contribution to supplement the dispensary funds, such contribution should be paid in quarterly instalments on the first day of each quarter by cheques which should be made payable by transfer to the credit of the dispensary account in the treasury failure to do which should be brought to the notice of the District Magistrate by the Managing Committee. These amounts will be credited in the cash-book of the Managing Committee as contribution from the local authority by *per contra* debit as remitted to the treasury.

(3) The Managing Committee shall keep a cash-book in Form No. XXX (Appendix C) in which shall be entered all receipts and payments with necessary details as soon as the transactions occur. The cash-book should be closed every month, and a memorandum recorded reconciling the balance with that shown in the pass-book. A copy of the monthly account supported by vouchers for the payments made and signed by the President of the Committee shall be forwarded to the office of the local authority before the 5th of the succeeding month for incorporation in their accounts.

The transactions of the Dispensary Fund with the treasury will be shown in a pass-book, which will be supplied gratis by the treasury. The pass-book shall be closed and balanced at the end of every month. It should be examined by the Secretary of the Committee every time that it is received back from the treasury, to see that all the transactions have been duly entered therein. At the close of every month the treasury officer will prepare a memorandum showing the opening balances, monthly receipts and payments, and the closing balances of the several dispensary funds banking with the treasury, and enter this memorandum in the pass-books of the local authority to which the dispensaries belong, to enable it to verify the balances.

(6) CLASS IIIB.—DISPENSARIES.

(1) As regards these dispensaries the interest on the investments will be accounted for by the local authority direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the office of the local authority, and there accounted for in the usual way.

Method of keeping accounts where funds are under direct control of Local authority.

(2) All claims in respect of these institutions shall be either paid from the imprest in the hands of the medical officer in charge or discharged by the local authority concerned on bills duly passed by the Managing Committee by issue of cheques upon the treasury.

(3) The Managing Committee shall keep a monthly account showing all transactions of the dispensary, including the contributions payable by the local authority, and forward a copy of this account to the local authority at the end of every month for comparison with the accounts kept at the office of the local authority concerned.

RULE 29.—The Civil Surgeon shall be the Superintendent of every hospital and dispensary in his district which is classified under these rules, and shall exercise complete professional control over the medical officer in immediate charge.

Civil Surgeon to be Superintendent.

RULE 30.—The Superintendent shall scrutinize the expenditure and accounts of every hospital and dispensary in his district, and shall call the attention of the managing body to any irregularity or other circumstance which, in his opinion, deserves notice. The managing body shall be bound to consider any communication from the Superintendent, to afford him full information as to the conduct of the medical officer in charge, and all other matters affecting the welfare of the sick and the management of the institution. In all professional matters the decision of the Superintendent will be final; but if any difference of opinion arises between him and the managing body regarding any non-professional matter affecting the management of the institution, a reference must be made to the Inspector-General of Civil Hospitals or to Government for a decision.

Scrutiny of accounts and control by Superintendent.

RULE 31.—The Superintendent shall visit each dispensary in his district not less than four times annually, except by special dispensation from the Inspector-General of Civil Hospitals, and shall prepare and submit promptly to the Inspector-General of Civil Hospitals inspection reports in Form XXXIV given in Appendix D. The sadar hospital should be visited by the Civil Surgeon daily at a fixed hour which should be notified throughout the district so that patients who wish to consult him may know exactly when they can do so.

Inspection by Superintendent.

RULE 32.—The Superintendent shall furnish an annual report of working of the hospitals and dispensaries in his district to the Inspector-General of Civil Hospitals, in the form No. XXXV given in Appendix D and annual returns in accordance with the forms Nos. XX, XXI, XXII, XXIII, XXIV, XXV and XXVI given in Appendix B.

Annual report by Superintendent.

Record of work and of
accounts to be kept by
Managing Committee.

RULE 33.—The Managing Committee of every hospital or dispensary shall cause to be kept at the institution—

- (a) a record of the work done, showing day by day the number of patients treated, the affections for which they were treated, and, in important cases, some account of the symptoms, the treatment, progress, and the result.
- (b) a record of the accounts of the institution.

These shall be written up daily by the medical officer in charge, and shall be open at all times to the inspection of inspecting officers.

The medical officer shall write up all other books and records prescribed under these rules, and, in any case in which this is not done, the reasons should be stated in the inspection report of the Superintendent.

RULE 34.—An extract from the proceedings of each meeting of the Managing Committee and of the local authority, so far as they relate to hospitals and dispensaries, shall be promptly forwarded to the Superintendent, who may, if he thinks fit, and shall, if the Managing Committee so desire, submit it with his remarks to the Inspector-General of Civil Hospitals.

RULE 35.—A visitors' book shall be kept in every hospital and dispensary, in which will be recorded the remarks of visitors. A copy of these remarks shall be forwarded, within twenty-four hours to the Superintendent, who will, if necessary, transmit it with his remarks to the Inspector-General of Civil Hospitals within three days of its receipt in his office.

Submission of extract
of proceedings to Super-
intendent.

Visitors' Book.

GENERAL.

RULE 36.—The medical officer in charge of a hospital or dispensary is responsible for the proper treatment of the sick, and this duty shall not on any account be delegated to a subordinate; he is also responsible for all matters connected with the comfort and well-being of the patients and for the proper working of the dispensary establishment.

RULE 37.—The Managing Committee shall prescribe the hours of attendance (which shall not be less than four hours in the morning and two hours in the afternoon) within which the medical officer must be present at the dispensary. He must also give attention to urgent cases at other hours.

The hours of attendance shall be clearly stated in a notice posted in some conspicuous part of the dispensary.

RULE 38.—Any person attending at a charitable dispensary is entitled to receive advice and medicines free of charge; but the medical officer should impress upon any person who is not poor the duty of subscribing to the dispensary or paying for the medicines supplied to him, and should bring to the notice of the Committee any cases in which the privilege is abused.

Responsibilities of
medical officer.

Hours of attendance.

Advice and medicines
to be free.

Diet charges in medico-legal cases. (i) The diet charges in medico-legal cases sent by the police should be recovered from the Magistrate and met from the contingent grants.

RULE 39.—No medicines shall be issued from the dispensary stock to any one who does not receive treatment at the dispensary either as an indoor or outdoor patient.

Exception (i).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores to Government servants, these stores shall be supplied from the dispensary stock free of charge to such Government servants as are entitled to receive them.

Exception (ii).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores for the treatment of sick prisoners in Subsidiary Jails, these stores should be supplied from the Dispensary stock free of charge. Medical appliances from such dispensaries shall also be given on loan when required temporarily for the use of sick prisoners.

RULE 40.—Where special accommodation has been provided for paying patients, fees may be levied according to a scale previously sanctioned in that behalf by the Managing Committee.

RULE 41.—The medical officer in charge of a dispensary has the privilege of engaging in private practice, provided it does not interfere with his attendance at the dispensary during the hours prescribed in rule 37, or in any other way with his dispensary work.

RULE 42.—No medical officer in charge of a hospital or dispensary or any compounder, dresser, or other servant of such institution, shall have any interest in a private dispensary or druggist's shop. In places where there is no approved druggist's shop or private dispensary, a medical officer may, with the consent of the Civil Surgeon and the Managing Committee, keep a private supply of medicine for the use of his private patients.

RULE 43.—Civil Hospital Assistants in charge of charitable hospitals and dispensaries are entitled to free quarters or to house-rent in lieu thereof, and quarters should, as a rule, be provided for them near the hospital or dispensary. Where quarters are provided, the Civil Hospital Assistant must live in them, but, where this is not the case, he will be granted house-rent which will ordinarily be at the rate of Rs. 5 per mensem and shall not exceed Rs. 10 per mensem. The obligation to provide quarters or to pay house-rent will be met in each case by the authority responsible for the maintenance and management of the institution, that is to say, in the case of institutions in Classes I and II by Government; in the case of institutions, in Class III from local funds, and in the case of those in Classes IV or V by the owners or Managing Committees. Before granting an allowance in lieu of quarters, the authority concerned

must satisfy itself that the quarters occupied by the Civil Hospital Assistant are within a convenient distance of the dispensary. If quarters are not available near the dispensary, it will be the duty of the authority to build suitable quarters without avoidable delay.

RULE 44.—In dispensaries in which there are house-patients, a bed-head ticket in the prescribed form (*vide* Form No. 111 in Appendix B) shall be hung over the bed of each inpatient.

RULE 45.—Medicines and instruments shall be kept under lock and key, except small quantities of the articles in daily use during the attendance of patients.

RULE 46.—Poisons should be stocked in special bottles and kept under separate lock and key which should remain in the custody of the medical officer in charge of the dispensary, the doses in which these drugs are usually administered internally should be legibly written on a conspicuous label. A list of poisons should be hung up in the almirah specially reserved for the custody of such drugs.

RULE 47.—No building for the accommodation of a dispensary or hospital in Classes I, II, III, IV and V and no extension of such building involving an alteration of the structural design, shall be constructed by the local authority or manager until the plan of such building or extension shall have been approved by the Civil Surgeon and the Inspector-General of Civil Hospitals, Bengal. When new dispensaries are constructed the standard plan should invariably be followed. Where it is not possible to do this the reasons should be furnished with any alternative proposals the local officers may have to make. Any extension or alteration involving no change of design shall be approved by the Civil Surgeon. If in-patients are to be accommodated, each patient should have at least 90 superficial and 1,200 cubic feet of space and the beds should be so placed that the patients will not be obliged to sleep in a draught of air. For isolation wards for infectious cases the space should be 120 superficial feet for each patient. The beds of all indoor hospitals should be placed so as to have a window or door on each side.

RULE 48.—In the case of institutions in Class III, IV or V, repairs to the dispensary buildings shall be executed by, and be chargeable to, the local authority or Managing Committee, as the case may be.

RULE 49.—Menial servants will be appointed and discharged by the Medical Officer in charge subject to the approval of the Managing Committee of the institution. Compounders and dressers will be appointed and be liable to removal by the Managing Committee, subject to the approval of the Superintendent.

RULE 50.—All compounders appointed to dispensaries in Classes I, II and III after the 1st April 1897 must hold certificates under the rules for the grant of certificates to compounders (*vide* Appendix A) under section 252 of the Bengal Municipal Act, III of

1884, and section 498 of the Calcutta Municipal Consolidation Act, III of 1899, and will draw pay at the rate of Rs. 15 rising by biennial increments of Rs. 1 to Rs. 20. Compounders already employed in such dispensaries will be entitled to draw pay at the above rate on obtaining such certificates.

(i) In selected cases the pay may, with the approval of the Inspector-General of Civil Hospitals, Bengal, be fixed at any other rate subject to a maximum of Rs. 25: provided that if it be incremental it shall ordinarily rise by biennial increments of Rs. 1 and attain the maximum in ten years.

(ii) The Inspector-General of Civil Hospitals is empowered to cancel the certificate of any compounder proved to have made a serious mistake in the dispensing of a medicine either through ignorance or carelessness.

(iii) Compounders should not, except in very exceptional cases, be placed in charge of dispensaries and even then only for a very short period. Whenever a compounder is placed in charge of a dispensary the fact should immediately be reported to the Inspector-General of Civil Hospitals.

(iv) Compounders attached to indoor dispensaries will be entitled to free quarters which must be provided for them by the dispensary authorities.

RULE 51.—The employment of apprentices is prohibited, except in hospitals and dispensaries the Superintendents of which are authorized by the Inspector-General of Civil Hospitals, Bengal, to receive and train candidates for the compounder class. The number of such apprentices in an institution should be limited to two.

Prohibition of employment of apprentices in certain cases.

Prohibition of private employment of dispensary servants.

RULE 52.—Dispensary servants must not be employed in the private service of the medical officer, or of the members of the Managing Committee.

RULE 53.—Articles of clothing which are not infected, and other moveable property belonging to deceased house-patients, should unless, in the case of native patients, to whom section 64 of Act II of 1874 (*vide* Appendix A) does not apply, there are heirs to whom the property may be made over, be sent through the Police to the local Munsif or District Judge for disposal under the provisions of Regulation V of 1799 (*vide* Appendix A). In the case of European or other patients to whom section 64 of Act II of 1874 applies, there is no obligation on the hospital authorities to report the death to the Judge or to send to him the property of the deceased. It may be taken away by the relations or friends of the deceased, if there are any present. If not, the hospital authorities may keep any moveable property left by the deceased until the friends or relations of the deceased can take them away. If no application is made within six months, the articles may be sent to the District Judge with a report of the death of the deceased. In making over such property or allowing such property to be taken away, the hospital authorities will exercise due care and caution, and will advise the parties that they are not legally entitled to possession of these until they have complied with the provisions of law on the subject of

Disposal of non-infected clothing and property of deceased patients.

the effects of deceased persons, and that they are permitted to remove the property at their own risk.

A receipt for the goods should be taken in a register to be kept for the purpose or on a separate paper which should be filed.

BOOKS AND FORMS.

RULE 54.—The following books and forms are required to be kept up by the medical officer at hospitals and dispensaries brought under these rules (see Appendix B.)

Book and forms to be kept up by the Medical Officer.

- (1) Diary and register of indoor patients (Form I.)
- (2) Register of operations (Form II).
- (3) Bed-head ticket (Form III). This should be written up daily and be filed, so as to preserve a concise history of the case and treatment.
- (4) A case-book for recording all special or important cases (Blank Book.)
- (5) A clinical chart of temperature, pulse, and respiration in Form IV. This should be posted into the case-book against the patient's case.
- (6) Register of out-patients (Form V).
- (7) Ticket for outdoor patients (Form VI).
- (8) A book of copies of certificates given in police and medico-legal cases (Form VII).
- (9) A blank book for record of *post-mortem* examinations, medico-legal or otherwise and for keeping detailed records of wounds or other police cases. Instead of the book being kept up, a copy of Form VIII, which is to be used when despatching viscera to the Chemical Examiner, may be filed as a record of medico-legal *post mortem* examinations.
- (10) Monthly returns of in and out-patients (Forms IX and X). These should be kept up to date for the more easy and accurate preparation of the annual return; a copy should be submitted to the Civil Surgeon soon after the close of the month.
- (11) Monthly bill in detail of establishment, diet, and contingencies (Form XI). These are to be prepared by the medical officer in charge, and sent for examination, countersignature, and payment to the Secretary or Manager. In all cases in which there is expenditure for establishment, diet, or any other charge to be paid by Government, the bills of such expenditure are to be kept separate from the private accounts of the charity.
- (12) A bill book for copies of all the dispensary bills (Blank Book.)

- (13) A daily account or cash-book showing actual receipts and expenditure in detail (Blank Book.) This is to be kept by the medical officer, and the account totalled up at the end of each month.
- (14) A diet-book in Form XII. This is required only in dispensaries in which there are in-patients.
- (15) A stock ledger of surgical instruments and appliances (Form XIII).
- (16) A stock ledger of medicines (Form XIV).
- (17) Annual indent for European medicines and instruments (Form XV). This is to be submitted to the Civil Surgeon in printed form and in triplicate.
- (18) Emergent indent for European medicines and instruments (Form XVI). This is to be submitted to the Civil Surgeon in printed form and in triplicate.
- (19) Form XVII shows a list of medicines that may ordinarily be indented for from the Government Medical Store.
- (20) Form XVIII shows a list of the principal articles of the Materia Medica which are procurable in bazars.
- (21) Annual indent for forms (Form XIX).
- (22) Annual returns (Forms XX, XXI, XXII, XXIII, XXIV XXV and XXVI). These should be sent in the printed form and in duplicate, in the first week of January, to the Civil Surgeon for check, and for the transmission of one of the copies to the Inspector-General of Civil Hospitals not later than the 10th January.
- (23) A season monthly register of vaccination for use in dispensaries to which vaccinators are attached (Form XXVII). This form can be obtained from the Superintendent, to whom a copy duly filled up should be submitted every month for incorporation in his monthly return to be submitted to the Sanitary Commissioner.
- (24) A visitors' book. For this a simple blank book will suffice.
- (25) A blank book for copies of all letters and circulars received, of which the originals cannot be retained.
- (26) A blank book for copying all letters despatched.
- (27) A book-cover for filing all circulars and other letters.

Books and forms to be kept up by the Secretary or Managers.

RULE 55.—The following books and forms are required to be kept up by the Secretary or Managers (*see* Appendix C) :—

- (1) Account of the Receipts and Payment of Municipal Dispensary prescribed in Rule 104 of the Municipal Account Rules (Form No. XXVIII.)
- (2) A monthly statement of accounts (in Form XXV in Appendix B), to be submitted by the Secretary or Managers monthly to the Superintendent. A copy of the same should also be laid before the managing body at their monthly meetings and another copy should be sent to the Magistrate.

- (3) A monthly *Pro forma* account of Class III. Dispensary prescribed in the Accountant-General, Bengal's Circular No. 263L.A., dated 18th August 1900 (*vide* Appendix A). Form XXIX.
- (4) An annual return of accounts in the same form and an annual account of invested capital in Form XXVI given in Appendix B should be submitted to the Superintendent for his information in the first week of January.
- (5) A cash book of class IIIA. Dispensary Fund (Form XXX) to be kept by the Managing Committee in accordance with the instructions contained in rule 28.
- (6) A subscription and donation book (Form XXXI).
- (7) A dispensary property book (Blank Book)
- (8) A committee book for recording the proceedings of each meeting of the managing body (Blank Book)

RULE 56.—The following reports and returns are required to be submitted by the Superintendent (*see* Appendix D).

Reports and returns.

- (1) Annual return of Government Assistant Surgeons and Civil Hospital Assistants (Form XXXII).
- (2) Annual confidential report of Government Assistant Surgeons and Civil Hospitals Assistants (Form XXXIII).
- (3) Inspection report of a dispensary (Form XXXIV).
- (4) Annual report on the working of a dispensary (Form XXXV).

CONSTITUTION OF COMMITTEES FOR THE MANAGEMENT OF LOCAL FUND DISPENSARIES AND THE ALLOTMENT OF FUNDS TO THOSE COMMITTEES.

No. 523T.—M., dated Darjeeling, the 2nd November 1899.

RESOLUTION—By the Government of Bengal, Municipal Department.

READ—

Circular No. 29Medl., dated the 22nd April 1899, addressed to all Commissioners of Divisions and their replies on the subject of subscriptions to Charitable Dispensaries.

It has for some time past been the subject of remark, and the special attention of Government has been recently drawn to the fact, that while there has been of late years a large increase in the total amount of subscriptions to charitable dispensaries, the increase has not extended to all classes of dispensaries alike, and that in the case of dispensaries in class II (now class III) there has been on the contrary a serious falling off. This class comprises all institutions which are maintained primarily by local authorities, such as District Boards or Municipalities, but which also receive aid from private subscriptions. In these institutions there has been an undeniable tendency for subscriptions to decline; and the decline is specially marked in cases where the dispensary has been up to a certain point maintained exclusively by private subscriptions and has then been transferred to the management of a local authority. In such cases the transfer from private to public management seems to have given rise to an idea on the part of subscribers that the maintenance of the dispensary is thenceforth a matter for public rather than for private charity, and that any subscriptions which may be given will be devoted, not to the special purposes for which they are intended, but merely to relieving the finances of the local authority in question. It has been noticed that in consequence of this falling off in subscriptions it has in many cases been impossible to provide patients with those comforts which make a hospital what it should be, and to which charitable persons would especially wish to see their subscriptions devoted. It is regrettable that the flowing tide of private charity, which has on the whole made a substantial advance in recent years, should in this particular instance have been checked, and it is most desirable that a means of removing this check should be found.

2. With this object proposals have recently been made that Civil Surgeons should be empowered to collect special subscriptions, apart from those at present collected by the local authority, and to utilise the money so raised exclusively on the provision of additional comforts for the patients, as distinguished from the necessary general expenditure of the institution. This proposal, however, is open to the objection that its effect would be to create a second subscription list which would probably prove to be not a supplement but a rival to the existing one, and would be filled mainly at the expense of the latter. It is doubtful whether the result would be an increase in the total

amount of donations, and it is certain that the transfer of subscriptions from the regular to the special list would mean the imposition of a serious additional burden on those local bodies which, while themselves contributing liberally to the support of the dispensaries under their control, are to a considerable extent dependent on private subscriptions for assistance in maintaining them.

3. The importance, however, of making as clear a distinction as possible between expenditure on charitable objects and expenditure on ordinary municipal administration is, for the reasons already given, sufficiently obvious; and the following method of effecting this objects is the one which has commended itself to Government:—

- (1) The appointment of a Managing Committee for class II (new class III) dispensaries should be made a general rule; and such Committees should meet more regularly than is always the case at present.
- (2) The distinction between the Dispensary Committee and the local authority should be made as clear as possible by the inclusion in the former of gentlemen who are not members of the latter.
- (3) The Civil Surgeon should be a member of every Committee, and in subdivisions the Subdivisional Officers should also be a member.
- (4) To this Committee the local authority should make an annual allotment which will be fixed for a period of three years' and at the end of that time will be subject to revision. The amount of the allotment should in the first instance be fixed with regard to the expenditure actually incurred by the local authority in maintaining the dispensary in question during the three preceding years.

It will then rest with the Managing Committee to supplement the income thus assured to them by raising subscriptions to such an extent as will enable them to make their dispensary one which shall be not merely a medical poor-house, but an institution in which contributors may be able to take a pride, and to which patients may resort with the assurance that they will be provided with every reasonable comfort which they may require. Of these subscriptions the dispensary will receive the full benefit during the three-years' term. Donations and subscriptions which are given for a special purpose should invariably be applied solely for that purpose.

4. In many cases subscriptions to dispensaries under the control of local authorities are already on a satisfactory footing, and in such cases it will not be necessary to make any change in the existing system. The Lieutenant-Governor, however, is of opinion that the more complete the separation between charitable and municipal administration, the greater will be the encouragement to private liberality. He looks to Commissioners of Divisions to urge this separation wherever it appears necessary, and to use their powers of control in seeing that the various local bodies contribute liberally and according to the means at their disposal to the cause of medical charity.

RULES FOR THE GUIDANCE OF MANAGING COMMITTEES AND LOCAL AUTHORITIES IN MATTERS OF ACCOUNTS.

Circular No. 263L.A., dated Calcutta, the 18th August 1900:

From—J. C. E. BRANSON, Esq., Accountant-General,
Bengal.

To—All Chairmen of Municipalities and District Boards in
Bengal.

REFERRING to the Resolution by the Government of Bengal, Municipal Department, No. 523T.—M., dated the 9th November 1899, by which it was directed that class II (new class III) dispensaries, which are maintained primarily by Local authorities, such as District Boards or Municipalities, but which also receive aid from private subscriptions, should, as a general rule, be transferred to the management of independent Managing Committees, a fixed allotment being annually made from the funds of the Local authority for a specific term, I have the honour to prescribe the following rules relating to matters of account for the guidance of Managing Committees and Local authorities:—

1. No change should be made in accounts of Local authorities in consequence of the aforesaid orders: their only care should be to prevent any disbursements from the funds in excess of the fixed annual allotment made for a dispensary, by the aid of a *pro forma* account of the transactions of the dispensary which is hereinafter prescribed.

2. All donations and subscriptions should be collected by the Managing Committee and remitted by them by the usual *challans* in triplicate to the treasury or Bank where the funds of the Local authority are lodged, for credit to other accounts of the Local authority.

3. All charges on account of the dispensary should be drawn on bills passed for payment by the Managing Committee, or by the Chairman on their authority; and the passed bills should be presented for payment at the office of the Local authority, where cheques will be issued in favour of the actual payees and receipts taken from them. Cheques in recoupment of the permanent advance to be made to the Chairman for petty contingent charges of the dispensary as well as cheques in payment of establishment bills should be drawn in favour of the Chairman. All vouchers should be permanently retained in the office of the Local authority in support of the payments.

(As amended by notification No. 3556Medl, dated 22nd December 1902.)

* Vide Form No. XXIX in Appendix "C."

4. The Managing Committee should keep a *Pro forma* account of the dispensary in the form annexed,* in which will be shown on the receipt side—

- (i) the annual allotment, and
- (ii) the donations and subscriptions collected by them, supported by the duplicate *challans*;

and on the expenditure side the bills passed by them for payment by the Local authority, classified in the same details in which the dispensary

charges are classified in the accounts of the Local authority, (In the accounts, however, of the Local authority, only the actual receipts and charges should be shown.)

5. A copy of the above account should be submitted by the 3rd of the succeeding month to the Local authority and checked in the office of the Local authority, where the blank columns showing the number and date of cheques should be filled up in order that there may be no discrepancies between the accounts of the Managing Committee and the Local authority no bills should be passed for payment towards the end of the month for which cheques cannot be issued in the same month.

6. So long as there is a balance in favour of the dispensary, cheques should continue to be issued in payment bills passed by the Managing Committee; but as soon as the balance is exhausted, no further payments should be made.

7. The closing balance in the *pro forma* account of each year should be carried forward to the accounts of the next year.

8. In order that the Managing Committee may not run the risk of overdrawing their account, they should, in the beginning of each year, prepare a budget showing the allotment and the estimated collections, together with any accrued surplus, and the expenditure which they can expect to meet therefrom.

9. The Managing Committee should for their own information keep a register of the bills passed by them in such detail as may be considered necessary.

10. They should also maintain the register of subscriptions in the prescribed form.

11. All orders of the Managing Committee relative to establishment and other charges and the subscription register should be transmitted to the Local authority for examination by the Local Auditor when he audits the accounts of the Local authority.

12. The Managing Committee should observe all financial rules of Government, *e.g.*, rules relating to leave and acting allowances, travelling allowances, contingent expenditure and the like.

RULES FOR THE GRANT OF CERTIFICATES TO COMPOUNDERS.

Notification No. 1114T-Medl.—The 19th September 1907.—Whereas a notification, No. 217Medl., dated the 2nd February 1907, was published at pages 193-198, Part I of the *Calcutta Gazette* of the 6th idem, declaring the intention of the Lieutenant-Governor to revise the rules for the grant of certificates to compounders, and whereas no valid objections have been made to the proposal, it is hereby notified for general information that, in exercise of the powers conferred by section 252 of the Bengal Municipal Act (III of 1884), and section 498 of the Calcutta Municipal Act, 1899 (III of 1899), the Lieutenant Governor is pleased to direct that the following rules for the grant of certificates to compounders shall be substituted for the

DISPENSARY SUBSCRIPTION REGISTER.

RULE 103—*Substitute* the following for the present rule :—The Register for the record of donations and subscriptions of a Charitable Dispensary shall be kept by the Managing Committee in Form No. XL. Columns 10 or 11, as the case may be, of this Register shall be filled in by the Medical Officer, in charge, or the Secretary of the Managing Committee when the money is sent to the Municipal office or remitted to the treasury. Separate receipts need not be granted to the donors or subscribers, unless they specially ask for them.

As amended by Notification No. 2018M., dated the 20th July 1909.

FORM XL.

DISPENSARY SUBSCRIPTION REGISTER.

104. All cash receipts of Municipal hospitals and dispensaries in Class IIIB shall be deposited in the treasury to the credit of the Municipal Fund and all charges shall be drawn from that fund. But for each institution vested in the Commissioners, a subsidiary balanced account shall be kept in Form XXVIII in Appendix O in which shall be credited—(a) all endowments, funds, and contributions received by the Commissioners on its behalf; and (b) all sums allotted in the budget estimates for its establishment and maintenance which are chargeable to the general revenues of the Municipal Fund, and in which all expenditure incurred shall be charged. The balance of this account, which shall be struck at the close of each month, shall not be appropriated to any object other than the establishment and maintenance of the institution to which it belongs.

A copy of the monthly statement of accounts in Form XXI (New Form XXV Appendix B) of the rules for the management of hospitals and dispensaries, which is prepared by the Managing Committee, shall be sent to the Municipal office for comparison with the balanced account kept by the Commissioners.

RULE 104A.—For hospitals and dispensaries in Class IIIA, a separate banking account is allowed at the treasury. All receipts of these institutions will be paid into the treasury direct by the Managing Committee, and all payments on account of them will also be made by the Committee direct without the intervention of the Municipal office, either from the imprest in the hands of the Medical Officer, or by cheques drawn by the Secretary or President upon the treasury. The income from the endowments and investments will, however, be realised by the Municipality and remitted to the treasury for credit to the account of the Dispensary Fund, an intimation being at the same time sent to the Managing Committee.

Before the 5th of the following month, the Managing Committee will furnish the Municipal office with an account showing all the receipts and charges of the Dispensary Fund, and a memorandum reconciling the closing balance of the account with that shown at credit of the fund in the pass-book. On receipt of this account, the transactions will be incorporated in the accounts of the Municipality under the proper heads.

The credits shown in the accounts of the Committee on account of contributions paid by the Municipality should be taken under the head "Advances" to which the corresponding payments in the Municipal accounts should also be debited.

(Sections 30, 66—71 and 101 of the Local Self-Government Act, 1885)

30. A District Board may join with any other District Board, or with any Municipal or Cantonment authority or with more than one such Board, or Municipal or Cantonment authority, in constituting out of their respective bodies a joint-committee for any purpose in which they are jointly interested, and in delegating to any such joint-committee any power which might be exercised by either or any of the Boards or authorities concerned, and may from time to time frame rules as to the proceedings of any such joint-committee, and as to the conduct of correspondence relating to the purpose for which the joint-committee is constituted.

66. It shall be lawful for the Lieutenant-Governor from time to time to direct by notification that any public charitable dispensary or hospital within a district shall be under the control and administration of the District Board. And the District Board shall thereupon be charged with the control and administration thereof and the construction and repair of all buildings connected therewith.

The Lieutenant-Governor may at any time vary or annul any order made under this section.

67. A District Board may provide, for the use of the inhabitants of the districts, dispensaries, hospitals or temporary places for the reception of the sick, and for that purpose may itself build such dispensaries, hospitals or places of reception;

or

contract for the use of any such dispensary, hospital or place of reception or of any part thereof; or enter into any agreement with any person having the management of any hospital for the reception of the sick inhabitants of the district, on payment of such annual or other sum as may be agreed on.

Vide section 38 of Act
V of 1908, B. C.

A District Board may also provide for:—

- (a) the training and employment of compounders, midwives and veterinary practitioners, and
- (b) the promotion of free vaccination.

68. Two or more District Boards may, with the approval of the Commissioner or Commissioners, combine in providing a common dispensary, hospital, or place for reception of the sick and, with the like approval, fix the proportions of the cost thereof to be borne by them respectively.

Two or more District Boards may combine to establish dispensaries and hospitals.

69. A District Board may with the approval of the Commissioner contribute such annual or other sum as may be agreed on towards the cost of the maintenance of any dispensary or hospital, which is situated outside the district, but is habitually used by the inhabitants of the district.

District Board may contribute to cost of maintenance of dispensary or hospital outside the district.

Power to provide temporary supply of medicine and medical assistance.

70. A District Board may, with the approval of the Commissioner, provide or contract with any person to provide a temporary supply of medicine and medical assistance for the poorer inhabitants of the district.

District Board to conform to rules made by Lieutenant-Governor.

71. Every District Board, in exercising the powers vested in it by the five last preceding sections, shall conform to any rules made by the Lieutenant-Governor under this Act.

101. The Lieutenant-Governor, or subject to his control, a District Board, may direct that within the area subject to the authority of a Local Board, any matter placed under the control and administration of the District Board under this Act shall be wholly and partly transferred to the control and administration of the Local Board with adequate funds for the purposes of such control and administration.

Duties of Local Board.

A Local Board as the agent of, and subject to the control of, the District Board, shall so far as the funds at its disposal permit, make due provision for all matters transferred to its control and administration under this section.

It shall be the duty of the District Board to enforce the responsibility imposed on a Local Board by this section.

(Section 252 of the Bengal Municipal Act III of 1884.)

252. No shop or place shall be kept for the retail sale of drugs recognised by the British Pharmacopoeia, not being also articles of ordinary domestic consumption, unless the same shall have been registered in the office of the Commissioners. Any keeper of such shop or place failing to register the same within two months after this section shall come into force or within two months from the date of the establishment of such place, shall be liable to a fine not exceeding one hundred rupees. The Commissioners shall, upon registration, grant the keeper of such shop or place a license which he shall be bound to display in some conspicuous part of his premises.

Registry of shops for sale of European drugs.

No person shall compound, mix, prepare, dispense or sell any drug in any such registered shop or place unless he be duly certified as a fit person to be entrusted with such duties under rules made for the purpose by the Local Government:

Certificated dispensers.

Provided that the provisions contained in the second clause of this section shall not come into operation until after the expiration of a period of six months from the publication of a notification to that effect in the *Calcutta Gazette* by the Local Government.

Nothing in this section contained shall be construed to apply to the sale of drugs used by practitioners of indigenous medicines, whether recognised by the British Pharmacopœia or not when such drugs are not sold in a shop or place where medicines recognised by such Pharmacopœia are dispensed upon prescriptions.

(Section 498 of the *Calcutta Municipal Act III of 1899*.)

Power to make rules as to compounders.

498. The local Government may make rules—

- (a) prescribing an educational course for candidates for compounders' certificates;
- (b) prescribing a fee to be paid by persons seeking admission to a Government Medical School for the purpose of undergoing such educational course;
- (c) regulating the public examination of candidates for compounders' certificates and prescribing the fee to be paid and the conditions to be observed by persons seeking admission to any such examination;
- (d) regulating the grant of compounders' certificates to persons passing any such examination;
- (e) regulating the registration of certificates so granted;
- (f) permitting any person having such qualifications as may be recognized in the rules to compound, mix, prepare, dispense or sell drugs without obtaining such a certificate; and
- (g) authorizing the cancellation of any certificate granted, or the withdrawal of the permission given, under the said rules, to any person who is proved in the course of a judicial trial to have made a serious mistake, through ignorance or carelessness in the compounding, mixing preparation, dispensing or selling of drugs.

Section 64 of Act II of 1874 (*vide General Acts, Vol. II, 1868-76, pp. 419-20*).

64. Whenever any person, other than a Hindu, Muhammadan' (Parsi) or Buddhist or a person exempted under

District Judge in certain cases to take charge of property of deceased persons, and to report to Administrator-General.

the Indian Succession Act, 1865, (Act 10 of 1865), section 332, from the operation of that Act, dies leaving assets within the limits of the jurisdiction of a District Judge, the District Judge shall report the circumstance without delay to the Administrator-General of the Presidency, stating the following particulars so far as they may be known to him:—

- (a) the amount and nature of the assets,
 - (b) whether or not the deceased left a will, and if so, in whose custody it is,
- and, on the lapse of one month from the date of the death,

- (c) whether or not any one has applied for probate of the will of the deceased or letters of administration to his effects.

The District Judge shall retain the property under his charge, or appoint an officer under the provisions of the Indian Succession Act, 1865, (Act 10 of 1865), section 239, to take and keep possession of the same until the Administrator-General has obtained letters of administration, or until some other person has obtained such letters or a certificate from the Administrator-General under the provisions of this Act, when the property shall be delivered over to the person obtaining such letters of administration or certificate, or, in the event of a will being discovered, to the person who may obtain probate of the will.

(The District Judge may cause to be paid out of any property of which he or such officer has charge, or out of the proceeds of such property or of any part thereof, such sums as may appear to him to be necessary for all or any of the following purposes, namely :—

- (a) the payment of the expenses of the funeral of the deceased and of obtaining probate of his will or letters of administration to his estate and effects;
- (b) the payment of wages due for services rendered to the deceased within three months next preceding his death by any labourer, artisan or domestic servant; and
- (c) the relief of the immediate necessities of the family of the deceased, and nothing in section 279, section 280 or section 281 of the Indian Succession Act, 1865, or in any other law for the time being in force with respect to rights of priority of creditors of deceased persons shall be held to affect the validity of any payment so caused to be made).

[In section 64 of the Administrator-General's Act (Act 11 of 1874) before the word "Hindu" wherever it occurs the word "Native Christian" shall be inserted:

Provided that nothing contained in this section shall affect any probate, letters of administration or certificate granted or vested under the said Act, *Vide* section 4 of Amending Act of 1901 (Act VII of 1901, I. O.)]

(EXTRACT FROM THE BENGAL CODE, VOL. IV, PP. 571—574.)

(REGULATION 5 OF 1799, DATED 3RD MAY 1799).

A Regulation to limit the interference of the Zila Courts of Diwani Adalat in the execution of wills and administration to the estates of persons dying intestate.

1. Doubts having been entertained to what extent, and in what

manner, the Judges of the Zilla Courts of Diwani Adalat in the Provinces of Bengal, Bihar, Orissa and Benares, are authorized to interfere in cases wherein the inhabitants of the above provinces may have left wills at their decease, and appointed executors to carry the same into effect, or may have died intestate leaving an estate, real or personal; with a view to remove all doubts on the authority of the Zilla Courts in such cases, and to apply thereto, as far as possible, the principle that in suits regarding succession

and inheritance the Muhammadan laws with respect to Muhammadans, and the Hindu laws with regard to Hindus, be the general rules for the guidance of the Judges, the Vice-President in Council has passed the following Regulation, to be considered in force from the period of its promulgation in the above Provinces respectively.

2. In all cases of a Hindu, Mussulman or other person subject to the jurisdiction of the Zilla Courts, having at his death left a will and appointed as executor or executors to carry the same into effect, and in which the heir to the deceased may not be a disqualified landholder subject to the superintendence of the Court of Wards the executors so appointed are to take charge of the estate of the deceased, and proceed in the execution of their trust according to the will of the deceased and the laws and usages of the country, without any application to the Judge of the Diwani Adalat or any other officer of Government for his sanction; and the Courts of Justice are prohibited to interfere in such cases except on a regular complaint against the executors for a breach of trust or otherwise, when they are to take cognizance of such complaint in common with all others of a civil nature.

Estates of Hindus, Muhammadans and others not being disqualified landholders, leaving wills.

3. In case of a Hindu, Mussulman or other person subject to the jurisdiction of the Zilla Courts dying intestate, but leaving a son or other heir, who by the laws of the country, may be entitled to succeed to the whole estate of the deceased, such heir, if of age and competent to take the possession and management of the estate, or, if under age or incompetent and not under the superintendence of the Court of Wards, his guardian or nearest of kin who, by special appointment or by the law and usage of the country, may be authorized to act for him, is not required to apply to the Courts of Justice for permission to take possession of the estate of the deceased as far as the same can be done without violence; and the Courts of Justice are restricted from interference in such cases, except a regular complaint be preferred.

Estates of persons dying intestate.

4. If there be more heirs than one to the estate of a person dying intestate, and they can agree amongst themselves in the appointment of a common manager, they are at liberty to take possession, and the Courts of Justice are restricted from interference, without a regular complaint, as in the case of a single heir; but if the right of succession to the estate be disputed between several claimants, one or more of whom may have taken possession, the Judge, on a regular suit being preferred by the party out of possession, shall take good and sufficient security from the party or parties in possession for his or their compliance with the judgment that may be passed in the suit; or in default of such security being given within a reasonable period may give possession until the suit may be determined to the other claimant or claimants who may be able to give such security declaring at the same time that such possession is not in any degree to affect the right of property at issue between the parties, but to be considered merely as an administration to the estate for the benefit of the heirs who may on investigation be found entitled to succeed thereto.

If there be more heirs than one to estate of intestate.

5. In the event of none of the claimants to the estate of a person dying intestate being able to give the security required by the preceding section, and in all cases wherein there may be no person authorized and willing to take charge of the landed estate of a person deceased, the Judge within whose jurisdiction such estate may be situated (or in which the deceased may have resided, or the principal part of the estate may lie, in the event of its being situated within two or more jurisdictions) is authorized to appoint an administrator for the due care and management of such estate, until, in the former case, the suit depending between the several claimants shall have been determined, or in the latter case until the legal heir to the estate, or other person entitled to receive charge thereof as executor, administrator or otherwise, shall attend and claim the same; when, if the Judge be satisfied that the claim is well founded, or if the same be established after any inquiry that may appear necessary, the administrator appointed by the Court shall deliver over the estate to him, with a full and just account of all receipts and disbursements during the period of his administration.

In what cases Judge may appoint administrator for care and management of estate of intestate.

6. In all instances of an administrator being appointed under this Regulation, he is, previous to entering upon the execution of his office, to give good security for the faithful discharge of his trust in a sum proportionate to the extent thereof; and the Judge appointing him is authorized to fix for him (subject to the approbation of the Court of Sadar Diwani Adalat, to whom a report is to be made in such instances) an adequate personal allowance to be paid out of the proceeds of the estate, and to be a percentage thereupon, after deducting the expense of management.

Security to be taken from, and allowances paid to, administrators.

7. The Judges of the Zilla Courts, on receiving information that any person within their respective jurisdictions has died intestate, leaving personal property, and that there is no claimant to such property, are to adopt such measures as may be necessary for the temporary care of the property, and to issue an advertisement in the current languages of the country, requiring the heir of the deceased, or any person entitled to receive charge of his effects, to attend for this purpose.

Procedure in cases of persons dying intestate, leaving personal property to which there is no claimant.

Such advertisement to be published on the spot where the property was found, at the Diwani Adalat outcherry of the Zilla and if ascertainable, at the dwelling-place of the deceased, after which, should any person attend and satisfy the Judge of his title to the property, or to receive charge thereof as executor, administrator or otherwise, the same is to be delivered up to him, on repayment of any necessary expense incurred in the care of it.

Should no claim be preferred within the twelve months next ensuing, an inventory of the property and report of the circumstances of the case is to be transmitted to the (Governor-General in Council) for (his) orders.

8. Nothing in this Regulation is to be understood to limit or alter the jurisdiction of the Court of Wards in the appointment of managers or guardians for disqualified landholders, or in any case wherein a special power may be vested in the Court of Wards.

Saving of jurisdiction of Court of Wards.

DIRECTION AND EXPLANATIONS.

Column 2.—The yearly numbers commence with the first new case admitted in the year and proceed regularly through the 12 months, the last number thus recording the number of admissions in the year and corresponding with the total of column 12.

Column 3.—The monthly aggregate of the daily total numbers treated divided by the number of days in the month gives the "average daily total" required for the monthly return.

Column 4.—All the cases remaining at the end of a year are to be entered on the following 1st January by the previous year's yearly number and monthly date. Such cases and cases remaining from day to day will only re-appear on the date on which their result is recorded. Besides being recorded on the day of the occurrence, the result should also be noted (in red ink or in brackets) opposite the original entry.

Column 5.—Hindu, H.; Muselman, M.; European, Eu.; Eurasian, Eu.; Native Christian, N. C., and other classes, O. C.

Column 6.—Male, M.; Female, F.; Children to be recorded as such under 10 years of age.

Column 7.—Diseases, injuries, operations, &c., are only to be denominated by the name and number specified in the official "Nomenclature," and no name is ever to be used that does not appear in that book.

If variety or subdivision is to be recorded, the letter or figure in the book must follow the number of the main disease.

In the column headed "Otherwise," a reference number and foot-note are to be used to indicate the mode of discharge—relieved, absconded, removed by friends, &c.

When Police cases are admitted into hospital, they should be distinguished by the letter P being placed after the yearly number, as P on the 2nd January.

ভারতবর্ষে সচরাচর যে সকল জ্বর হইয়া থাকে তাহার নিবারণ ও চিকিৎসা করণার্থ উপদেশ।

ভারতবর্ষে সচরাচর যে সকল জ্বর হইয়া থাকে তাহা যে কোন কোন মশার কামড়ে হইয়া থাকে তাহার উত্তম অম্লান পাওয়া গিয়াছে। এই সকল জ্বরে সচরাচর প্রথমে শীত বা কশ, তাহার পরে গায়ের তাপবৃদ্ধি এবং সর্বশেষে ঘাম হইয়া থাকে। এই জ্বরগুলি সাধারণতঃ বর্ষার শেষে অভ্যস্ত কঠিন ও সাত্ত্বিক হইয়া থাকে এবং ওলাউঠা বসন্ত ও প্লেগ এই তিনটী রোগে যত লোকের প্রাণ নাশ করে তাহার দ্বিগুণ লোকের প্রাণ নাশ করিয়া থাকে।

অতএব কি করিলে এই সকল জ্বর কমানিতে, লোকের প্রাণ রক্ষা করিতে আর এই সকল জ্বরের জন্য লোকের যত কষ্ট হইয়া থাকে তাহা নিবারণ করিতে পারা যায়?

প্রথমতঃ, আমাদেরই এই কথাটা মনে রাখিতে হইবে যে এই সকল জ্বর সংক্রামক। অতএব যে সব মশা এই রোগ ছড়াইয়া বেড়ায় রোগীকে সেই সব মশা যাহাতে কামড়াইতে না পারে তদ্ব্যতীত আমাদের যথাসাধ্য চেষ্টা করিতে হইবে। যে মশারির ছিদ্র খুব ছোট এবং যাহাতে একটাও গর্ত নাই রোগীকে তাহার ভিতরে রাখিলে তাহাকে মশার কামড় হইতে রক্ষা করা যাইতে পারে।

দ্বিতীয়তঃ, যদি রোগীকে একটা ঘরে একা রাখিতে পারা যায় তবে তাহাই করা উচিত এবং রোগী ছোট ছেলে হইলে তাহাকে একটা ঘরে একা রাখা আরও বেশী আবশ্যিক। এবং রোগীকে কুইনাইন, সিন্‌কোনা ফেব্রিকিউজ বা জ্বরনাশক সিন্‌কোনা অথবা সিন্‌কোনা গাছের ছাল হইতে প্রস্তুত করা অন্য কোন ঔষধ খাইতে দেওয়া উচিত। যে ক্ষুদ্র জীব এই জ্বর করিয়া দেয় এই সকল ঔষধে তাহাকে দেহের রক্ত হইতে বাহির করিয়া ফেলে। ডাক ঘরে কুইনাইনের এক পয়সা দায়ের যে মোড়ক বিক্রয় করা হয় বয়স্ক বা বড় লোকের পক্ষে তাহাই যথেষ্ট মাত্রা বা পরিমাণ। ছেলেরা এই সকল জ্বরে অভ্যস্ত ভোগে, অতএব জ্বর হইবারাত্রই তাহাদিগকে কুইনাইন দেওয়া কর্তব্য। যে সকল স্থানে শরীর ভাল থাকে না এবং সর্বদা জ্বর হয় সেই সকল স্থানে বড় লোকেরা যদি নিয়ম করিয়া সপ্তাহে মশা ঐণ করিয়া দুই বার কুইনাইন খান তাহা হইলে তাহাদেরও প্রায় কাহারও জ্বর হয় না।

তৃতীয়তঃ, আমাদেরকে এইরূপ চেষ্টা করিতে হইবে যে এই সকল সর্বশেষে মশা আর না থাকে। ইহার লোকের ঘরবাড়ী হইতে ৩০০ বা ৪০০ হাতের মধ্যে ছোট ছোট ময়লা ডোবার, নর্দামায় বা ছোট ছোট জলস্রোতে এবং পুকুরের ধারে জলের কাছে ঘাসের মধ্যে ডিম পাড়ে। বড় বড় জলাশয়ের জল নিকাশের উত্তমরূপ ব্যবস্থা করা, ছোট ছোট পুকুর ও ডোবা ভরাট করা এবং সমস্ত বহু জল সরাইয়া ফেলা ভাল। আমরা যদি সর্বদা এত না করিতে পারি, তাহা হইলে প্রায়ের নিকটের ছোট ছোট পুকুর, ডোবা ও নর্দামা ভরাট করিয়া ফেলিলেই এবং পুকুরের জলের ধারের ঘাস কাটিয়া ফেলিলেই যথেষ্ট হইতে পারে। এই মশা ফিরোনীন তেলে মরিয়া যায়। অতএব যদি খানিকটা তুলা ফিরোনীন তেলে ডিজাইয়া এবং দড়ির এক দিকে বাঁধিয়া পুকুরের জলের উপর দিয়া এমন করিয়া টানিয়া লইয়া যাওয়া হয় যে জলের উপরে পাতলা এক পর্শ তেল গড়িয়া যায়, তাহা হইলে মশার অধিকাংশ ডিম প্রভৃতি নষ্ট হইয়া যাইবে। মশা দিন অন্তর একবার করিয়া এইরূপ করিতে হইবে। মশা রাত্রি ভিন্ন প্রায় অন্য কোন সময়ে কামড়ায় না এবং খাদ্যের জন্য যতদূর না গেলে নয় তাহার বেশী দূরে যায় না। ঠাণ্ডা জায়গায় উহার সমস্ত শীত কাল সুমায়। ঘরের দেয়াল ও সমস্ত ঐন্দো কোন পরিষ্কার রাখা কর্তব্য।

এখন যে প্রকার উপায়ের কথা বলিয়া দেওয়া হইল এই প্রকার সামান্য সামান্য উপায় অবলম্বন করায় অনেক জ্বরাক্রান্ত গ্রাম পূর্বাশ্রয় অনেক আশ্রয় হইয়া উঠিয়াছে।

INDENT FOR FORMS.

[Vide Rule 2, Section A of the Rules for the Supply and Custody of Printed Forms.]

BENGAL MEDICAL FORMS.

ANNUAL INDENT for Medical Forms on the Bengal Forms Department.
from 1st April 190 to 31st March 190 For (a) of (b)

(DESIGNATION AND ADDRESS OF INDENTING OFFICER).

To the
of
at
Care of
To be forwarded by

EXPLANATION AND INSTRUCTIONS :—

Indents should be prepared in duplicate with careful attention to the revised rules 1 to 6, section A, of the Rules for the Custody and Supply of Printed Forms, one copy being retained in the Indenting office and other being submitted to the Officer in charge of Forms Department, Bengal. Accompanying the latter copy an invoice sheet with columns 1 and 2 duly filled up (Form No. 4, Appendix I, of the Rules for the Custody and Supply of Printed Forms) should invariably be sent, which will be returned to the Indenting Officer with the forms when supplied, for his signature and for return again to the Bengal Forms Department as his receipt for the forms.

Indents should reach the Officer in charge of Forms Department, Bengal, by the 1st October of each year.

The indent form is designed to show the consumption of the indent year last completed (column 3) : the ascertained balance towards the end of it (column 4) : the new forms received or expected for the current indent year (column 5) : the actual consumption of the first six months and the estimated consumption of the second six months of the current indent year (columns 7 and 8) : and the anticipated balance at its close column 10). With these data before them officers should have no difficulty in framing a reasonable indent for the ensuing year on the basis of the actual consumption of the last completed indent year, the consumption (partly actual, partly estimated) of the

current indent year, and the estimated balance in hand at the commencement of the ensuing indent year, modified, if need be, by any circumstances anticipated during the year for which supplies are now indented for.

(a) Enter title of Indenting Officer, i.e., Commissioner, Judge, Superintendent of Jail, Deputy Conservator, etc.

(b) Enter name of division, district, or circle, etc.

Column 3.—The period will be the last completed indent year, i.e., the period shown in column 3 of Appendix II (A) of the Rules for the Supply and Custody of Printed Forms.

Column 5.—Not only forms actually received, but also forms, the receipt of which is expected during the current indent year, should be entered with a note in the remarks column of all such expected quantities included in this column.

Column 7.—The actual consumption as shown in the account of printed forms for the first six months of the current indent year should be entered in this column.

Column 8.—The entries should ordinarily be made on the basis of the actual consumption of the second six months of the preceding indent year. It would clearly be wrong to repeat figures representing consumption for the first six months in the case of forms of annual statements or register volumes opened in the first six months of the year which will suffice for the whole 12 months. When for any reasons the demand is in excess of the actual figures for the corresponding period of the preceding year, clear explanations should be given in the remarks column of the indent.

Columns 12 and 13.—Will be filled up by the Officer in charge of Forms Department, Bengal, Calcutta,

Civil Surgeon or Medical Officer,

Date _____

District _____

- N. B.—(1) It is to be observed that there is still a tendency to report on officers in uniformly favourable and eulogistic terms; such reports are valueless as they make it impossible to discriminate between officers of ordinary attainments and those of more exceptional merit.
- (2) The mere use of words "Yes" or "No" in reply to the answers should be avoided as they do not help the Inspector-General in forming an opinion.

No. 742M., the 14th May 1909.—The following drafts of rules which it is proposed to make under sub-section (1) of section 567 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), are published for the information of persons likely to be affected thereby.

The drafts will be taken into consideration on the 15th July, 1909, and any objections or suggestions received by the undersigned before that date will be duly considered.

Matter which is not already contained in the existing rules is printed in the draft rules in antique type, and dotted lines are inserted to indicate the places where matter contained in the existing rules is omitted from the draft rules.

DRAFT I.

In exercise of the power conferred by sub-section (1) of section 567 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Lieutenant-Governor is pleased to make the following rules as to the construction, maintenance and regulation of privies and urinals and appurtenances thereof, and to direct that they be inserted in Schedule XVI to that Act in the places hereinafter indicated.

To be substituted for Rule 1:—

1. (1) No service privy exceeding eleven feet in height shall be placed in the space required by this Act to be left at the back of a building. Regulation of site of service privies.

(2) No service privy situated in, or adjacent to, a building shall be placed at a distance of less than six feet from—

(i) ... any public building, or

(ii) ... any building which is, or is likely to be, used as a dwelling-place or as a place in which any person is, or is intended to be, employed in any manufacture, trade or business.

(3) No service privy shall be placed in a masonry building situated in a street which has been sewered and has an adequate unfiltered water-supply.

(4) Every service privy shall be detached from the inhabited portion of a building.

To be added to rule 6:—

(3) The floor of every connected privy in which the opening of the pan is placed on the level of the floor shall have a fall or inclination towards the pan of at least half an inch to the foot.

To be substituted for rules 9 to 11:—

9. Every privy, water-closet and urinal situated in, or adjacent to, a building must have an opening, of not less than three square feet in area, in one of the walls of the privy, water-closet or urinal, as near the top of the wall as may be practicable and communicating directly with the open air. Ventilation of privies, water-closets and urinals in, or adjacent to, buildings.

10. (1) Every service privy must be provided with a moveable receptacle for sewage. service privies to be provided with a moveable receptacle for sewage.

(2) The following provisions shall have effect with regard to.....such privies and receptacles, that is to say,—

(a) the space beneath the platform of the privy must be of such dimensions as to admit of a moveable receptacle for sewage, of a capacity not exceeding two cubic feet, being placed and fitted beneath the platform in such manner and position as will effectually prevent the deposit, otherwise than in such receptacle, of any sewage falling or thrown through the aperture of the platform;

(b) the privy must be so constructed as to afford adequate access to the said space for the purposes of cleansing such space and of placing therein, and removing therefrom, a proper receptacle for sewage;

(c) the said receptacle must be water-tight, and must be made of metal, well-tarred earthenware or glazed stoneware, and must be of such construction and shape as will admit of its being easily removed and emptied of its contents;

(d) the door for the insertion and removal of the receptacle must be made so as to completely cover the aperture.

11. Every water-closet, connected privy and urinal situated in a building must be separated by a masonry wall from kitchens, habitable rooms and rooms in which any person is, or is intended to be, employed in any manufacture, trade or business. Masonry wall for water-closets, connected privies and urinals.

To be added to rule 12:—

(3) Every urinal must be provided with adequate flushing arrangements to the satisfaction of the Chairman.

To be inserted after rule 12:—

Pan for connected privies and water-closets.

12A. Every connected privy and water-closet must be provided with a pan of such form and dimensions as may be approved by the Chairman.

To be substituted for rule 14:—

Prohibition of containers and D traps.

14. No "container" or other similar fitting shall be placed under the pan of a connected privy....., water-closet or urinal; and no trap of the kind known as a "D trap" shall be used with any such privy, closet or urinal.

DRAFT II.

In exercise of the power conferred by sub-section (1) of section 567 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Lieutenant-Governor is pleased to make the following rules to regulate the use of sites for the erection of buildings, and the erection and re-erection of buildings, and to direct that they be inserted in Schedule XVII to that Act in the places hereinafter indicated.

To be substituted for Rule 1:—

Conditions as to use of building sites.

1. No piece of land shall be used as a site for the erection of a building—

- (1) if the building is to abut on a street, unless the site is of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to the said line as the General Committee may consider practicable; and
- (2) if the site is within thirty feet of a tank, unless the owner satisfies the Engineer that he will take such order as will prevent any risk of the domestic drainage of the building passing into the tank; and
- (3) if the building to be erected is a public building, a dwelling-house or a hut,—
 - (a) unless the site is certified by the Engineer to be dry and well drained or to be capable of being well drained, and
 - (b) if the site is a filled-up tank, or has been filled up with or used for depositing rubbish, offensive matter or sewage, unless the Chairman has examined the site and granted a certificate to the effect that it is, from a sanitary and engineering point of view, fit to be built upon.

Certificate as to correctness of plans of a previously existing building.

1A. Any person who intends to erect any building upon a site on which a building has been previously erected, whether before or after the commencement of this Act, may, before commencing to erect his intended building, cause to be prepared plans showing the extent of the previously existing building in its several parts (or, in the event of such building having been taken down before the commencement of this Act, or having been accidentally destroyed, the best plans available under all the circumstances of the case), and may cause such plans to be submitted to the Chairman, who shall (if reasonably satisfied with the evidence of their accuracy) certify the same under his hand; and such certificate shall be taken to be conclusive evidence of the correctness of the plans.

To be substituted for Rule 2:—

Height.

2. (1) If a building is situated at the side of a street, no portion of the building, except open or balustraded parapets not more than four feet high, shall intersect any of a series of imaginary lines drawn across the street at an angle of forty-five degrees with the plane of the ground, such lines being drawn from the street alignment on the side of the street which is the more remote from the building in question, from a height of two feet above the centre of the street:

Provided that, where the said street is joined at an angle by another street facing the building, the junction of the two streets shall be deemed to be the street alignment for the purposes of this sub-rule.

Explanation.—If a building be placed at the edge of the street, its height must not exceed the average width of the street facing the site; but, if the building or one or more of its storeys be set back, the height of the building may be increased, subject to the condition that no portion of the building, after the height is increased, intersects any of the aforesaid lines.

(2) In the case of any building which is re-erected in a street in existence at the commencement of this Act which is less than twenty-five feet wide, the angle at which the

lines referred to in sub-rule (1) are to be drawn shall be fifty-six-and-a-half degrees instead of forty-five degrees :

Provided that nothing contained in this sub-rule shall authorise the re-erection of any building so as to make it higher than any building which at the commencement of this Act is standing on the same site.

(3) Notwithstanding anything contained in sub-rule (1) or sub-rule (2), the Corporation may, by order published in the Calcutta Gazette, declare that, in any street in existence at the commencement of this Act which is specified in the order, the erection of two-storeyed buildings not exceeding twenty-eight feet in height, excluding two feet for the plinth and excluding open or balustraded parapets not more than four feet high, will be permitted without complying with the requirements of these sub-rules.

(4) If a building is situated on a corner plot, so as to abut upon more than one street, the height of the building shall be regulated by the wider of such streets so far as it will abut or abuts upon such wider street, and also so far as it will abut or abuts upon the narrower of such streets to a distance of [forty] fifty-five feet from the wider street :

Provided that, if the narrower street does not exceed eight feet in width, the height of the building shall be regulated by the wider street, so far as it will abut or abuts upon the narrower street.

(5) Notwithstanding anything contained in sub-rule (1), (2) or (4),—

- (a) a building of not more than one storey and not exceeding fourteen feet in height above the centre of the street, and
- (b) if the owner, by a free gift of a portion of his land to the Corporation, makes the street not less than twelve feet wide in front of his site, then a two-storeyed building not more than twenty-eight feet high,

may be erected without complying with the requirements of those sub-rules.

Rule 6 is hereby cancelled.

To be substituted for rule 8 :—

8. The plinth of a masonry building must be at least two feet above the level of the centre of the nearest street : Plinth.

Provided that the plinth of stables and cow-sheds need not be more than one foot above such level.

To be substituted for rule 10 :—

10. The outer walls of a masonry building must be constructed of brick or some..... Outer walls.
similar hard and incombustible substance.

To be substituted for rule 12(1) :—

12. (1) Every wall of a masonry building must have a damp-proof course at.....
the level of the ground-floor.

To be substituted for rules 17 to 20 :—

17. The total area covered by all the buildings (including verandahs) on any site used for a dwelling-house shall not exceed two-thirds, or, in localities where the erection of only detached buildings is allowed, one-third, of the total area of the site. Proportion of site for dwelling-house which may be built upon.

18. In localities where the erection of only detached buildings is allowed,—

- (a) the dwelling-house may be placed in any part of the site, but not so as to extend beyond any building line prescribed under section 356 ; and
- (b)servants' houses, stables and other out-offices within the area of the site shall not exceed fifteen feet in height or twenty feet in depth, and shall not be placed on more than two sides of the dwelling-house or within twenty-four feet of the dwelling-house. Dwelling-houses and out-offices, in localities where the erection of only detached buildings is allowed.

20. Every room in a domestic building which is intended to be used as an inhabited room— Size and ventilation of inhabited rooms.

- (a) must be in every part not less than ten feet in height, measured from the floor to the under-side of the beam on which the roof rests;
- (b) must have a clear superficial area of not less than eighty square feet; and
- (c) must be provided, for purposes of ventilation, with doors or windows opening directly into the external air, or into a verandah, and having an aggregate opening of not less than one-fourth of the superficial area of that side or one of those sides of the room which faces or face an open space.

Floor of inhabited room over stable, cattle-shed or cow-house.

20A. Every room in a domestic building which is intended to be used as an inhabited room, and which is constructed over a stable, cattle-shed or cow-house, must be separated from the stable, cattle-shed or cow-house by a floor of concrete or other impermeable material.

Ventilation of staircase.

20B. In every domestic building constructed or adapted to be occupied in flats, the principal common staircase must be adequately ventilated upon every storey.

Ground floor.

20C. The ground-floor of every domestic building must be covered throughout, at the height of the plinth, with some impermeable material approved by the Chairman, unless such floor be supported on beams and has a free air space beneath it.

To be substituted for rule 22:—

Open space in rear of building, regulating the rear height.

22. (1) Except in localities where the erection of only detached buildings is allowed, there must be in the rear of every domestic building an open space extending along the entire width of the building and belonging exclusively to the building, unless the back of the building abuts on an open square or the like, of not less than twenty feet in width, which is dedicated to public use and is consequently not likely to be built upon:

Provided that, if the back of such building abuts on a public street which is less than twenty feet in width, an owner, on giving up to the Corporation a sufficient portion of his land to make such public street not less than twenty feet wide, may be allowed to build on the very edge of his remaining land, without being required to leave any such open space.

(2) The minimum distance across such space from every part of the building to the boundary line of the land or building immediately opposite such part shall be ten feet:

Provided that, in the case of any building in which there are both an outer and an inner court-yard, a minimum distance of six feet may be permitted.

(3) No portion of the building, excluding open or balustraded parapets not more than four feet high, shall intersect any of a series of imaginary lines drawn across such space at an angle of sixty-three-and-a-half degrees with the plane of the ground, such lines being drawn from the line limiting the width of such space at the side thereof which is the more remote from the building, at the level of the plinth of the building:

Provided that, in the case of two-storeyed buildings, the angle may be increased from sixty-three-and-a-half to sixty-eight degrees.

Explanation.—If the building be placed at the edge of such space, its height must not exceed twice, or, in the case of a two-storeyed building, two and-a-half times, the width of the space; but, if the building or one or more of its storeys be set back, the height of the building may be increased, subject to the condition that no part of the building after the height is increased intersects any of the aforesaid lines.

(4) For the purposes of this rule, the rear of a building shall be deemed to be that face which is furthest from any street at the side of which the building is situated:

Provided that, where a building is situated at the side of more than one street, the rear of the building shall, unless the Chairman otherwise directs, be deemed to be that face which is furthest from the widest of such streets.

To be substituted for Rules 24 to 27:—

Open space at sides of building.

24. (1) Except in localities where the erection of only detached buildings is allowed, if either side of a domestic building does not abut on the adjacent building at the plinth, if such adjacent building be a masonry building, or at the eaves, if it be a hut,

and if such side does not abut on an open square or the like which is at least six feet in width and which is dedicated to public use, and is consequently not likely to be built upon,

there must be between the buildings an open space extending along the entire length of such side and belonging exclusively to the said domestic building.

(2) The minimum distance across such space from every part of the said domestic building to the boundary line of the land or building immediately opposite such part shall be—

(a) six feet, if there is a building next to such boundary line , or

(b) four feet, if there is an open space on the other side of such boundary line

Relaxation of rules 22 and 24 in case of a particular site.

24A. (1) Rules 22 and 24 shall not have effect in the case of any site where not more than one-third of the total area is occupied by masonry buildings or verandahs.

(2) Clauses (a) and (b), respectively, of rule 18 shall apply to the domestic building and out-offices on any such site, as if such building were a dwelling-house.

25. (1) Every interior court-yard and every open space prescribed by rule 22 or rule 24 must be raised at least one foot above the level of the centre of the nearest street, so as to admit of easy drainage into the street.

(2) Every interior court-yard and every such open space must be open to the sky throughout its entire area, and must be kept accessible for the purpose of cleansing; and no structure shall be erected within or above, or so as to project over, the same:

Provided that a one-seated or two-seated connected privy not exceeding forty square feet in floor area, exclusive of walls, may be erected in the open space of ten or more feet left under sub-rule (2) of rule 22, and that such privy may have as many storeys over it as there are storeys in the house to which it belongs, each of such storeys being connected with the main building by a gangway or bridge of not more than five feet outside width.

25A. All court-yards in a domestic building, and all other open spaces therein not exceeding six feet in width, shall be paved with some impermeable substance and drained to the satisfaction of the Chairman.

26. No room other than a bath-room or privy shall be placed over a privy in a domestic building, and no privy shall be placed in a domestic building under any room other than a bath-room or privy.

27. The following further provisions shall have effect in the case of dwelling-houses in bustees, that is to say—

(a) the owner of the land in a bustee on which a dwelling-house is to be erected must, if required by the Chairman, give up all land which may be needed for leaving a space of twenty feet.....along the entire length of the boundary line of any one side of the premises;

(b) all land so given up shall vest in the Corporation, and the owner shall receive reasonable compensation therefor.

To be substituted for rules 28 and 29 :—

28. (1) In applying sub-rule (1) of rule 2 to any building of the warehouse class situated in a locality in which the erection of buildings of the warehouse class is allowed by declaration under sub-clause (II) or sub-clause (III) of clause (c) of section 367, the said sub-rule shall be read as if fifty-six-and-a-half degrees were substituted for forty-five degrees.

(2) Sub-rule (2) of rule 2 shall not apply to any such building.

29. The provisions of rules 22, 24 and 25 as to domestic buildings shall have effect in the case of buildings of the warehouse class which are not situated in a locality in which the erection of buildings of the warehouse class is allowed by declaration under sub-clause (II) or sub-clause (III) of clause (c) of section 367.

29A. The floor of every building of the warehouse class intended to be used for the manufacture or storage of articles for human consumption shall be constructed of some impermeable material approved by the Chairman.

To be substituted for rules 30 and 31 :—

30. (1) Every application for approval of a site for a masonry building must be written on a printed form (to be supplied by the Chairman free of charge), and must state the position of the site, the number assigned to it in the assessment-book, its dimensions, and such other particulars as may be prescribed by the General Committee.

(2) The site-plan sent with such an application must be drawn to a scale of not less than one-fiftieth of an inch to a foot, must be sent in.....triplicate, and must show—

*Explanation to clause (v).—*If it is intended to use the building or any part thereof for any of the purposes specified in Schedule XVIII, or as a stable, cattle-shed or cow-house, the fact must be expressly stated.

To be substituted for rules 36 to 42:—

Retention of plan, and submission of fresh application, after refusal to approve site or to permit execution of work.

36. When approval to a site for a masonry building, or permission to erect or re-erect a masonry building, is refused,—

- (a) the Chairman may retain one copy of the site-plan or the plan of the building, as the case may be, and
- (b) the applicant may at any time send to the Chairman a fresh application and fresh or modified documents under section 370, framed with the object of meeting the objections for which such approval or permission was refused.

Continuous lines.

37. Huts in a bustee must be built in continuous lines, in accordance with an alignment to be prescribed by the General Committee, after hearing the objections (if any) of the owner of the bustee, and demarcated on the ground.

Bustee streets.

37A. (1) In prescribing an alignment under rule 37, in any bustee of which a standard plan has not been approved under this Act or any prior Act or under any rules made under this Act, the General Committee may leave, in such places as they think fit, a space of not more than twenty feet in width for a bustee street.

(2) Such bustee streets shall not ordinarily be more than two hundred feet apart, and no hut or portion of a hut shall be built upon or project over them.

38. Where an alignment prescribed under rule 37 does not correspond with the alignment of a street in a bustee, or of a bustee street referred to in rule 37A, no hut shall be built so that the distance measured from its eave to such alignment is less than six feet. Distance between eaves and alignment.

39. All bustee streets referred to in rule 37A, and all spaces referred to in rule 38, between a hut and a street alignment, shall remain private property, subject to a right in the municipal authorities to send carts along them or otherwise make use of them for any of the purposes of this Act. Use of bustee streets and of spaces referred to in rule 38.

40. Notwithstanding anything contained in rule 37, huts in a bustee may, with the special sanction of the General Committee, be built so as to form an open court-yard, comprising at least one-fourth of the whole area occupied by the huts and court-yard : Building of huts in a bustee in court-yard formation.

Provided that no portion of such huts shall be built upon a bustee street referred to in rule 37A.

40A. Where huts other than huts in a bustee are built so as to form an open court-yard, the area of the court-yard shall not be less than one-fourth of the area occupied by the huts and court-yard. Site of huts not in a bustee which form an open court-yard. Space.

41. There must be between all huts, except in the case of huts referred to in rule 40 or rule 40A, a space of at least three feet, measured from eave to eave.

42. No hut shall be placed at a greater distance than one hundred feet from the nearest part of a metalled and sewered street, unless there be a municipal or bustee drain at a distance of not more than twenty feet from the site. Distance of huts from metalled and sewered street.

To be inserted after rule 46 :—

46A. (1) The whole of at least one side of every room in a hut must either be an external wall or abut on an open court-yard. Rooms.

(2) Every room in a hut, which is intended to be used as an inhabited room,—

- (a) shall be provided with a door-way of not less than fifteen square feet in area ;
- (b) shall have a superficial area of not less than eighty square feet ; and
- (c) shall have a height of not less than eight feet, measured from the top of the plinth to the junction of the wall with the roof.

46B. (1) The court-yard (if any) of a hut shall be so raised that the upper surface shall be one foot above the level of the nearest street or passage, and shall be drained into the nearest drain. Court-yards.

(2) The width of such court-yard shall be not less than ten feet.

To be substituted for the first thirty-four words of sub-rule (5) of rule 47 :—

(5) The site-plan sent with such an application must be drawn to a scale of not less than one-eighth of an inch to a foot, must be sent in triplicate, and must show.

To be substituted for rule 49 :—

49. When permission to erect or re-erect a hut is refused,—

- (a) the Chairman may retain one copy of the plan, and
- (b) the applicant may at any time send to the Chairman a fresh application and a fresh or modified plan under section 384, framed with the object of meeting the objections for which such permission was refused.

Retention of plan, and submission of fresh application, after refusal of permission to erect or re-erect a hut.

2. No candidate will be considered who has not passed the M.A., the M.D., the D.L. or the Master in Engineering Examination of the Calcutta University in 1906, 1907 or 1908. No candidate will be considered who is not possessed of high qualifications and who cannot show that he has a capacity for original research.

3. One of the scholarships will be awarded to a candidate who proposes to carry on original research in some scientific subjects, such as Natural and Physical Science, Chemistry, Mathematical Science, etc. The other may be awarded to a candidate who undertakes research in some literary subject, such as a Language, Comparative Philology, Palæography, Epigraphy, Philosophy, History, Archæology, Anthropology, etc.; but no application for a scholarship for research in a literary subject will be considered unless a candidate presents himself who not only shows that he has the capacity for undertaking the research proposed, but also makes it clear by the programme which he submits that he has thought out a definite course of inquiry. In the event of no suitable candidate for a literary research scholarship being forthcoming, both the scholarships may be awarded for scientific research.

4. All applications must be submitted, through the head of the institution in which the candidate read last, so as to reach the undersigned on or before the 31st January 1909.

5. Application forms may be had from the Personal Assistant, Office of the Director of Public Instruction, Writers' Buildings, Calcutta.

SENATE HOUSE;
The 29th January 1909.

CALCUTTA UNIVERSITY.

NOTICE.

In exercise of the powers conferred by section 7 (1) of the Indian Universities Act, 1904 (VIII of 1904), His Excellency the Chancellor of the Calcutta University is pleased to direct that two Ordinary Fellows shall be elected this year by the Registered Graduates of the Calcutta University from among themselves.

The election will take place at the Senate House, College Square, on Friday, the 12th March 1909.

No person other than a Registered Graduate will be qualified to nominate, to vote or to stand as a candidate for election.

Every candidate for election must be nominated by a Registered Graduate and no person will be allowed to nominate more than one candidate. The nomination of a candidate shall be made in writing in the following form, which will be signed by the person making the nomination :—

FORM OF NOMINATION.

I, _____, Registered Graduate No. _____, do hereby nominate _____, Registered Graduate No. _____, as a candidate for election as an Ordinary Fellow of the Calcutta University subject to the approval of His Excellency the Chancellor.

The following is a brief statement of the special qualifications of my nominee :—

The February 1909.

Signature _____

The nomination paper should be, on the face of it, addressed to the Registrar, Calcutta University, and must reach his office on or before the 18th February 1909, before 5 p.m. A printed list of the nominees (with the name of the first proposer in each case) and statements of their qualifications will be forwarded to the Registered Graduates on the 22nd February 1909.

On the 24th February 1909, a voting paper containing the names of the candidates nominated and their first proposers will be forwarded by the Registrar by registered post to each of the Registered Graduates. The Voting paper must be filled up and signed in the presence of the Registrar at the Senate House, College Square, on the 12th March 1909, between the hours of 10 a.m. and 3 p.m., but graduates who will not be able to appear in person before the Registrar, may fill up and sign their voting papers in the presence of a Magistrate, a Judge, a Subordinate Judge or a Munsif (excluding Village Munsifs). In the absence of a Magisterial or Judicial Officer of the rank aforesaid in a Native State, the signature must be acknowledged before the Chief Minister or the Chief Magisterial Officer of the State. Voting papers may also be filled up and signed before the Registrar, any day (other than a Sunday or holiday) between the 25th February and 11th March 1909, between 4 and 5 p.m. The officer before whom such acknowledgment is made or the Registrar, as the case may be, shall countersign the voting paper, as having been signed before him by the person whose signature it bears. A voter exercising the functions of a Magisterial or Judicial officer of the rank aforesaid will not be competent to countersign his own voting paper. All voting papers duly signed and countersigned as aforesaid must reach the Registrar not later than 3 p.m. on Friday, the 12th March 1909, after which no voting paper will be accepted. Graduates who are not known to the officer in whose presence they intend to fill up and sign their voting papers must bring with them their Diplomas or other satisfactory proof of identity.

Each voter shall have only one vote for each vacancy which is to be filled up and can give only one vote to any one candidate.

SENATE HOUSE,
The 1st February 1909.

G. THIBAUT,
Registrar, Calcutta University.

N.B.—Under section 3, Chapter XIV of the Regulations no graduate will be entitled to take part in the above election who has not yet paid his annual subscription.

NOTIFICATION.

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1909.

WITH reference to Notification No. 5958F., in the *Calcutta Gazette* of the 28th December 1892, Part I, Page 1172, the Elliott Prize for Scientific Research, will be given this year to the author of the best original essay composed during the year 1909, giving the results of original research, or investigation by the essayist in Mathematics.

2. Any native of Bengal, or of the districts of Dacca, Mymensingh, Backerganj, Faridpur, Rajshahi, Rangpur, Dinajpur, Jalpaiguri, Bogra, Pabna, Malda, Chittagong (including Chittagong Hill Tracts), Noakhali, and Tippera (including Hill Tippera), or any Eurasian or domiciled European residing in Bengal, or the aforesaid districts, may compete for the prize.

3. The essays of competitors must be sent to the President of the Asiatic Society of Bengal, 57 Park Street, Calcutta, by the end of December 1909. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1910.

4. Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

NOTICE.

SUREGOPAL BASU MALLIK FELLOWSHIP.

The following scheme for the Fellowship which has been finally adopted by the Syndicate and the Trustees of the donor is published for general information:—

I.—In the first instance, a Fellow shall be appointed for a term of three years, whose duty it shall be—

- (a) To give tutorial assistance to students of Sanskrit generally and students of Vedanta Philosophy in particular.
- (b) To deliver a course of lectures on Vedanta Philosophy.
- (c) To carry on research in Vedanta Philosophy, with a view to enable him to discharge his duties under heads (a) and (b) satisfactorily.

II.—With a view to give effect to the object mentioned in I (a) the Fellow shall hold classes not less than three times a week during at least thirty-six weeks in the year. To such class only such students will be admitted as may have satisfied the Fellow either by submitting to a test to be imposed by him or otherwise that they are qualified by previous training and attainments to profit by his teaching. The name of any student may be removed by reason of irregularity in attendance. The course of tutorial instruction shall include not only the Vedanta Philosophy but also such preliminary branches of study as may be determined by the Fellow from time to time in consultation with the Syndicate. Twelve of these students will be entitled to a monthly stipend of Rs. 10 (rupees ten) to be paid during good conduct and upon satisfactory progress made in their studies. An annual examination shall be held upon the result of which the best student will be awarded a gold medal of the value of one hundred rupees and also a prize of Rs. 500. The annual examination shall be open to graduates and to holders of certificates at the Sanskrit Title examination of such standing as the Syndicate may approve.

III.—With a view to give effect to the object mentioned in I (b), the Fellow shall annually deliver a course of public lectures on Hindu Philosophy in general and Vedanta Philosophy in particular. These lectures must not be less than twelve in number to be delivered not more than once a week. The substance of these lectures, as also the result of any original research or investigation made by the Fellow under I (c) above, shall be published in a volume at the close of every year.

IV.—The remuneration of the Fellow shall be as follows:—

- (a) A stipend of Rs. 125 a month.
- (b) A lump sum payment of Rs. 1,400 at the end of the year, out of which the expenses of printing 500 copies of the lectures shall be met, 400 of which shall be placed at the disposal of the University and 100 at the disposal of the founder's representatives for free distribution.

V.—The Fellow must submit a quarterly report to the Syndicate as to the manner in which he has been discharging his duties.

VI.—The mode of election shall be as follows:—

Persons who have made a special study of the subject shall be invited by notices and advertisements in the newspapers to send in their names together with a synopsis of the proposed lectures to the Syndicate, who shall select at least three persons out of the applicants and send their names to the Trustees, who shall within one week thereafter notify their choice, which will be accepted by the Syndicate.

In accordance with the above scheme, applications are invited for the Sreegopal Basu Mallik Fellowship for 1909, which must reach the undersigned not later than the 1st of June 1909.

When in Mathematics, one must be Physics.

M.A. and M.Sc.—

The College has affiliation only for the M.A. degree in English, and Mathematics Group A.

Classes will, however, be formed under University Lecturers on the staff of the College in Political Philosophy for the M.A. and in Physics, Chemistry and Geology for the M.Sc. Graduates will be admitted to these classes on application, if approved by the Lecturers. As a rule such graduates must have obtained Honours in their subjects.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

- To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.
- To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.
- To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 28th June. Lecture courses begin Tuesday, the 29th June.

The 11th January 1909.

The Yearly Examination of Candidates for fourth grade of Accountants.

The early Examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 7th and 8th June 1909; both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole) ...	240	160
Mensuration (a) (the whole) ...	60	30
Book-keeping (b), mercantile ...	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping," by double and single entry, by W. Inglis (Chambers's Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

pensionable establishment on State Railways

The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A. and M.Sc.—

The College has affiliation only for the M.A. degree in English, and Mathematics Group A.

Classes will, however, be formed under University Lecturers on the staff of the College in Political Philosophy for the M.A. and in Physics, Chemistry and Geology for the M.Sc. Graduates will be admitted to these classes on application, if approved by the Lecturers. As a rule such graduates must have obtained Honours in their subjects.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(a) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(b) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(c) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 28th June. Lecture courses begin Tuesday, the 29th June.

SIBPUR,

B. HEATON,

The 11th January 1909.

Principal, Bengal Engineering College.

The Yearly Examination of Candidates for fourth grade of Accountants.

The early Examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 7th and 8th June 1909, both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	... 100	50
Dictation (spelling, punctuation, etc.)	... 100	50
Arithmetic (the whole)	... 240	160
Mensuration (a) (the whole)	... 60	30
Book-keeping (b), mercantile	... 100	50
Total	... 600	...

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping" by Ball and Hamilton.

"Book-keeping," by double and single entry, by W. Inglis (Chambers's Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-

pensionable establishment on State Railways

The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

SIBPUR,
The 31st March 1909.

When in Physiology, one must be Chemistry.

When in Mathematics, one must be Physics.

M.A. and M.Sc.—

The College has affiliation only for the M.A. degree in English, and Mathematics Group A.

Classes will, however, be formed under University Lecturers on the staff of the College in Political Philosophy for the M.A. and in Physics, Chemistry and Geology for the M.Sc. Graduates will be admitted to these classes on application, if approved by the Lecturers. As a rule such graduates must have obtained Honours in their subjects.

3. Admissions will be unrestricted (subject to the above conditions) so far as considerations of space and efficient teaching admit of it. As there is probability of the applications in some departments exceeding the accommodation available, preference will be given to applications received before 15th June in this order—

(a) To applicants who have passed the Matriculation or Intermediate Examinations in the First Division.

(b) To applicants who have passed the Matriculation or Intermediate Examinations in the Second Division.

(c) To applicants who are sons of old Presidency College students or have other special claims, and as regards the Intermediate Examination in each of the cases distinguished to students who have passed from the Presidency College.

4. Applications received after 15th June can only be entertained if the considerations necessitating restriction above set forth admit of it.

The session opens after the long vacation on Monday, the 28th June. Lecture courses begin Tuesday, the 29th June.

CALCUTTA,

The 24th March 1909.

H. M. PERCIVAL,

Offg. Principal, Presidency College, Calcutta

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ^{*} may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-

^{*} This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

pensionable establishment on State Railways.

The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

SIBPUR,
The 31st March 1909.

B. HEATON,
Principal, Civil Engineering College.

APPRENTICE DEPARTMENT.

CIVIL ENGINEERING COLLEGE, SIBPUR.

SESSION 1909-10.

Admission will be made—

- (1) To the 3rd-year class, of candidates who pass the Sub-overseer examination, provided their ages are between 17 and 19.
- (2) To the 2nd-year class, of candidates who pass the B Final examination, provided their ages are between 15 and 18.
- (3) To the 1st-year class, of candidates who have passed the Matriculation examination of the Calcutta University, for Indians, or Standard VII or Middle School Examination of the Code of European Schools, for Europeans; ages must be between 15 and 17.

The selection of candidates for admission is in the hands of the Principal. Preference will be given in the following order:—(a) to the third-year class, (b) to the 2nd-year class, (c) to the 1st-year class, and the total number of candidates admitted to all three classes shall not exceed 60. Thirty per cent. of the vacancies will, as far as possible, be reserved for candidates domiciled in Eastern Bengal and Assam.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping," by Ball and Hamilton.

"Book-keeping," by double and single entry, by W. Inglis (Chambers's Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in June. The examination will be conducted, either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

pensionable establishment on State Railways.

The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal for registration the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments, preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

Arrangements will be made for a systematic course of lectures, Moot Courts, and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or a member of the staff.

The College fees will be Rs. 6 per month.

Eight scholarships of Rs. 10 a month, tenable for one year, have been established. Four of these will be open to competition among students of the first-year class, and the other four among the students of the second-year class. The scholarships will be awarded towards the end of September upon the result of a College test to be held at that time. They will take effect retrospectively from July. In future years, the scholarships, tenable by second-year students, will be awarded upon the result of a College test to be held at the end of the first year.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the result of the Final Examination in Law and on condition that the recipients do prosecute a course of study for the M. L. Examination under the direction of the Principal.

Provision will also be made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 15th June 1909.

Students are recommended in all cases to take their admission before the 1st July 1909. The first-year class and the second-year class will be opened simultaneously.

The College classes will be held ordinarily from 9 A.M. to 11-15 A.M.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta, to whom any application for further information may be sent.

Arrangements will be made for a systematic course of lectures, Moot Courts, and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or a member of the staff.

The College fees will be Rs. 6 per month.

Eight scholarships of Rs. 10 a month, tenable for one year, have been established. Four of these will be open to competition among students of the first-year class, and the other four among the students of the second-year class. The scholarships will be awarded towards the end of September upon the result of a College test to be held at that time. They will take effect retrospectively from July. In future years, the scholarships, tenable by second-year students, will be awarded upon the result of a College test to be held at the end of the first year.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the result of the Final Examination in Law and on condition that the recipients do prosecute a course of study for the M. L. Examination under the direction of the Principal.

Provision will also be made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 15th June 1909.

Students are recommended in all cases to take their admission before the 1st July 1909. The first-year class and the second-year class will be opened simultaneously.

The College classes will be held ordinarily from 9 A.M. to 11-15 A.M.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta, to whom any application for further information may be sent.

Relationship of guardian to student:—

I desire to appoint the above named gentlemen as guardian to my son for the following reasons:—

Signature of parent.

I UNDERTAKE to act as guardian to the above named student and will hold myself responsible for his physical well-being and good conduct outside of college hours, and for the payment of all sums due from him to the college. I also undertake to furnish such reports and information concerning my ward as may be called for at any time by the Principal of the college.

Signature of guardian.

BIHAR SCHOOL OF ENGINEERING.

PROSPECTUS FOR ADMISSION.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Biharis, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free-hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 5th July 1909.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examination, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 6th and 7th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their applications must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family have taken up their residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 5th July 1909, unless application for admission is made before 30th June 1909.

10. All candidates for admission to the school should present themselves personally at the school on 5th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess-arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

BANKIPONE,

F. WALFORD,

PATNA COLLEGE, BANKIPORE.

SESSION 1909-1910.

THE Patna College will open on the 5th July 1909. Application should be made before this date and as early as possible. As the numbers which can be admitted are limited, preference will be given to Behari students who have read in the Patna College, or who have passed their University Examinations in the First or Second Divisions, and to Bengali students who have passed in the First Division.

Application will not, except under special circumstances, be received after the 25th July 1909.

Forms of application for admission may be obtained in the College Office.

The office will be open daily during the vacation from 7 A.M. to 10 A.M., except on gazetted holidays.

V. H. JACKSON,
Offg. Principal, Patna College.

Form of Application for Admission.

I DESIRE to join the _____ class of the Patna College and to take up the following subjects:—

I desire to reside _____

Every student must reside either—

- (1) with parent ;
- (2) in a College hostel ;
- (3) with guardian ;
- (4) in a College mess (if there is not sufficient accommodation in the hostel).

Students who wish to live with guardians must fill in forms provided for the purpose at the time of admission or within one week of taking admission. Any further delay will incur a fine of annas 2 per day. If they are in any difficulty they may apply within that time to the Principal or Professor in charge for advice.

(To be filled in by students.)

Name of student :—

Father's name and occupation :—

Father's address or present residence :—

Recognised guardian's name and occupation :—

The place of residence and address of the guardian :—

Date of birth :—

Whether the student has a horoscope ; if so, whether the age given agree with it :—

Religion and caste :—

The school or college from which he passed the division in which he passed and the year in which he passed the Entrance or F. A. examination :—

The following combination of subjects may be taken up :—

(1) For the Intermediate Examination in Arts :—

<i>For Second Year only.</i>			
(a) English, Sanskrit, or Persian. History. Logic.	(b) English, Sanskrit, or Persian. Mathematics. Logic.	(c) English. History. Logic. Mathematics.	(d) English. Logic. Mathematics. Physics.

(2) For the Intermediate Examination in Science :—

English. Mathematics. Physics. Chemistry.

(3) For the B. A. Examination :—

<i>For Third year only.</i>					
(e) English, Sanskrit, or Persian. History.	(f) English, Sanskrit, or Persian. Mathematics.	(g) English, Sanskrit, or Persian. Political Philosophy and Political Economy.	(h) English. Political Philosophy and Political Economy. History.	(i) English. Mathematics. Physics.	

(4) For the B. Sc. Examination :—

Mathematics. Physics. Chemistry.

Before selecting their subjects students are recommended to apply for advice as to the course of study to the Principal or Professor in charge. The number of students admitted to the Science Course will be strictly limited, so that very early application is advisable. In making final admission to these courses, preference will be given to Behari students who pass their examinations in the First or Second Division.

Form of application for recognition of guardian.

Name of student:—

Name and address of guardian:—

Profession of guardian:—

Age of guardian:—

Relationship of guardian to student:—

I desire to appoint the above-named gentlemen as guardian to my son for the following reasons:—

Signature of parent.

I UNDERTAKE to act as guardian to the above named student and will hold myself responsible for his physical well-being and good conduct outside of college hours, and for the payment of all sums due from him to the college. I also undertake to furnish such reports and information concerning my ward as may be called for at any time by the Principal of the college.

*Signature of guardian.***BIHAR SCHOOL OF ENGINEERING.****PROSPECTUS FOR ADMISSION.**

This school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihar applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free-hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 5th July 1909.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable one year, are awarded each year on the results of the annual examination, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 6th and 7th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their applications must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion. (A domiciled Bengali must produce evidence to show that his father with his family have taken up their residence in Bihar.)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 5th July 1909, unless application for admission is made before 30th June 1909.

10. All candidates for admission to the school should present themselves personally at the school on 5th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

Name and address of guardian:—

Profession of guardian:—

Age of guardian:—

Relationship of guardian to student:—

I desire to appoint the above named gentlemen as guardian to my son for the following reasons:—

Signature of parent.

I UNDERTAKE to act as guardian to the above named student and will hold myself responsible for his physical well-being and good conduct outside of college hours, and for the payment of all sums due from him to the college. I also undertake to furnish such reports and information concerning my ward as may be called for at any time by the Principal of the college.

*Signature of guardian.***BIHAR SCHOOL OF ENGINEERING.****PROSPECTUS FOR ADMISSION.**

This school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of elementary mathematics.
- (2) Careful training in survey work.
- (3) Drawing, both free-hand and engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this school, who must be a Bihari by race.

4. The next session will commence on 5th July 1909.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Sibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Re. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Re. 7 a month, tenable one year, are awarded each year on the results of the annual examination, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the school, 75 per cent. are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance Examination of an Indian University in English and mathematics.
- (2) Standard VII of the Code of European schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and mathematics (of about the same standard as the Entrance Examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 6th and 7th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their applications must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion (A domiciled Bengali must produce evidence to show that his father with his family have taken up their residence in Bihar)
- (c) A certificate of good moral character from last head-master.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught elementary surveying with a corresponding amount of mathematics and of geometrical drawing. He will not be admitted to the workshop. A student in the first-year class of the Overseer Department, who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of elementary surveying and the other subjects taught in the Amin class may, at his option, leave the school with an Amin certificate.

Candidates for Amin class, who have not passed the Middle English or Middle Vernacular examination, will be examined at the school on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 5th July 1909, unless application for admission is made before 30th June 1909.

10. All candidates for admission to the school should present themselves personally at the school on 5th July.

11. There is a hostel in connection with the school. The fees are Re. 1-8 for room and Re. 1 for light. Students make their own mess arrangements. Students joining the Overseer classes must reside in the hostel unless they are residents with parents or with nearly related guardians whose homes are near enough to enable them to attend the school at the required times. The Principal of the College will decide whether a student should reside in the school hostel, or whether the guardian proposed can be accepted as such.

THIS school is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Majesty the King when Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The school was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60. Preference is to be given to Biharis. Failing, however, a sufficient number of Bihari applicants, students who are natives of other provinces may be admitted, preference being given to Bengalis domiciled in Bihar over non-domiciled Bengalis or other applicants.

As far as accommodation is available, students who have passed the final "B" class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference again being given to Biharis and domiciled Bengalis.

3. The school, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

Form of Application for Admission.

I DESIRE to join the _____ class of the Patna College and to take up the following subjects:—

I desire to reside _____

Every student must reside either—

- (1) with parent ;
- (2) in a College hostel ;
- (3) with guardian ;
- (4) in a College mess (if there is not sufficient accommodation in the hostel).

Students who wish to live with guardians must fill in forms provided for the purpose at the time of admission or within one week of taking admission. Any further delay will incur a fine of annas 2 per day. If they are in any difficulty they may apply within that time to the Principal or Professor in charge for advice.

(To be filled in by students.)

Name of student :—

Father's name and occupation :—

Father's address or present residence :—

Recognised guardian's name and occupation :—

The place of residence and address of the guardian :—

Date of birth :—

Whether the student has a horoscope ; if so, whether the age given agree with it :—

On the recommendation of the Syndicate, the Senate have adopted, subject to sanction by the Government of India, the following Regulations under section 25 of the Indian Universities Act (Act VIII of 1904):

1. That candidates who were registered for the recent Entrance Examination and who have not passed be, if they so desire, examined again in or about the second week of December 1909, in the same subjects and courses and according to the standard of the old Regulations and the Rules framed thereunder.

2. That every candidate who elects to be and is examined under the above Regulation be debarred from appearing at the Matriculation Examination to be held under the new Regulations in 1910.

3. That the fee payable by every candidate for the examination be fixed at Rs. 15.

4. That applications for admission to the examination, together with the fees, be deposited with the Registrar on or before the 12th October 1909.

5. That no application for admission to the examination be entertained unless it is accompanied by—

(a) a copy of the Registrar's receipt for the last Examination
and either

(b) a certificate from the Head Master of a recognised School that the applicant has since the date of the last examination regularly prosecuted his studies in the School for a period of three months and that his conduct and character have been satisfactory,

or

(b) a certificate, signed or countersigned by a Government Inspector of Schools, that since the date of the last Examination the applicant has not read in any school, recognised or unrecognised, that he has satisfactorily passed a test examination held by or under the orders of the Inspector and that his conduct and character are satisfactory.

6. That no school which sends up candidates to this examination shall charge more than five months' ordinary tuition fees from any student it may choose to admit.

The sanction of the Government of India to the above Regulations will be notified as soon as received.
